Area Handbook for the Persian Gulf States Richard F. Nyrop,1977 An attempt to provide a comprehensive study of the dominant aspects of the five societies of Bahrain Kuwait Qatar Oman and the United Arab Emirates and to identify patterns of behavior characteristic of their people Envisioning the Arab Future Nathan J. Citino,2017-02-17 Decades before 9 11 and the Arab Spring US and Arab elites contended over the future of the Middle East Through unprecedented research in Arabic and English Envisioning the Arab Future details how Americans and Arabs nationalists Islamists and communists disputed the meaning of modernization within a shared set of Cold War era concepts Faith in linear progress the idea that society functioned as a system and a fascination with speed united officials and intellectuals who were otherwise divided by language and politics This book assesses the regional implications of US power while examining a range of topics that transcends the Arab Israeli conflict including travel communities gender oil agriculture Iraqi nationalism Nasser s Arab Socialism and hijackings in both the United States and the Middle East By uncovering a shared history of modernization between Arabs and Americans Envisioning the Arab Future challenges assumptions about a clash of civilizations and profoundly reinterprets the antecedents of today s crises **Area Handbook for the Persian Gulf States** Richard F.

Mirage Thomas Lippman,2008-11-10 The relationship between the United States and Saudi Arabia has always been a marriage of convenience not affection In a bargain cemented by President Roosevelt and Saudi Arabia s founding king in 1945 Americans gained access to Saudi oil and the Saudis sent the dollars back with purchases of American planes American weapons American construction projects and American know how that brought them modernization education and security The marriage has suited both sides But how long can it last In Inside the Mirage veteran Middle East journalist Thomas W Lippman shows that behind the official proclamations of friendship and alliance lies a complex relationship that has often been strained by the mutual aversion of two very different societies Today the U S Saudi partnership faces its greatest challenge as younger Saudis less enamored of America rise to prominence and Americans scorched by Saudi based terrorism question the value of their ties to the desert kingdom With so much at stake for the entire ever volatile Middle East this compelling and absolutely necessary account brings the light of new research onto the relationship between these two countries and the future of their partnership Aramco Handbook Arabian American Oil Company,Roy Leblicher,1960

Saudi Arabia and the United States Parker T. Hart,1998 From the opening of a U S consulate in Dhahran in 1944
