Approach To The Occult 1959:

The Elder Brother Gregory Tillett, 2016-01-29 A leading figure in the Theosophical Society Leadbeater was a prolific author writing on subjects ranging from Buddhism Masonic history and the origins of Christianity through to the power of thought and the fourth dimension Leadbeater was also the force behind Annie Besant the discoverer and educator of Krishnamurti and became Presiding Bishop of the Liberal Catholic Church For all his influence Charles Leadbeater remains largely unknown as a man This biography first published in 1982 dispels many of the mysteries surrounding his life and Leadbeater emerges as neither evil degenerate or infallible saint but as a complex and eccentric adventurer into the realm of the occult This title will be of particular interest to students of history and theology Indian Books in Print, 2003 *The Occult in Modernist Art, Literature, and Cinema* Tessel M. Bauduin, Henrik Johnsson, 2018-05-15 Many modernist and avant garde artists and authors were fascinated by the occult movements of their day This volume explores how Occultism came to shape modernist art literature and film Individual chapters examine the presence and role of Occultism in the work of such modernist luminaries as Rainer Maria Rilke August Strindberg W B Yeats Joseph P. Ladan and the artist Jan van Kamaier as well as in avant garde film post war Greek Surrealism and Scandinavian Retrogardism Combining the theoretical and methodological foundations of the field of Esotericism Studies with those of Literary Studies Art History and Cinema Studies this volume provides in depth and nuanced perspectives upon the relationship between Occultism and Modernism in the Western arts from the nineteenth century to the present day **Open Secrets** Christine Ferguson, 2025 Open Secrets sheds new light on the fascinating popular fiction produced by key writers within Britain's occult revival including Edward Bulwer Lytton Emma Hardinge Britten Marie Corelli Mabel Collins Arthur Machen Charles Fort Aleister Crowley and Dion Fortune In their hands genres aimed at mass readerships the Bildungsroman romance tabloid tit bit and detective tale became potent tools through which to imagine and test unorthodox ideas about the unseen world Their remarkable literary experiments aligned the rhythms of popular genre fiction with those of spiritual seekership insisting that occultism could and should be for the mass reading public **Indian National Bibliography** Bellary Shamanna Kesavan, 1960 *The One Life and Functional Forms* A. Kannan, 1973 Exposition of theosophist views on the evolutionary process **Journal of the Society for Psychical Research** Society for Psychical Research (Great Britain), 1981 The Occult Mind Christopher I. Lehrich, 2012-08-24 Given the historical orientation of philosophy is it unreasonable to suggest a wider cast of the net into the deep waters of magic By encountering magical thought as theory we come to a new understanding of a thought that looks back at us from a funhouse mirror The Occult Mind Divination like many critical modes involves reading signs and magic more generally can be seen as a kind of criticism that takes the universe seen and unseen known and unknowable as its text In *The Occult Mind* Christopher I. Lehrich explores the history of magic in Western thought suggesting a bold new understanding of the claims made about the power of various belief systems In closely interlinked essays on such disparate

topics as ley lines the Tarot the Corpus Hermeticum writing and ritual in magical practice and early attempts to decipher Egyptian hieroglyphics Lehigh treats magic and its parts as an intellectual object that requires interpretive zeal on the part of readers observers Drawing illuminating parallels between the practice of magic and more recent interpretive systems structuralism deconstruction semiotics Lehigh deftly suggests that the specter of magic haunts all such attempts to grasp the character of knowledge Offering a radical new approach to the nature and value of occult thought Lehigh's brilliantly conceived and executed book posits magic as a mode of theory that is intrinsically subversive of normative conceptions of reason and truth In elucidating the deep parallels between occult thought and academic discourse Lehigh demonstrates that sixteenth century occult philosophy often touched on issues that have become central to philosophical discourse only in the past fifty years

The Other Side of the Mind W. Clement Stone, Norma Lee Browning, 2019-02-15 The human mind today is undergoing the most exciting and intensive probing in the history of mankind In this unusual and provocative book W. Clement Stone a hard headed businessman and Norma Lee Browning a top reporter combine forces to explore The Other Side of the Mind the fascinating often controversial world of mind phenomena Enough is known today about the capabilities of the brain to provide science with its greatest challenge writes Norma Lee Browning It is now evident that we are only scratching the surface of human potentialities When the curtain of mystery is lifted from the last unexplored corner of the mind there will be no limits to what the future may hold for shaping the destiny of mankind Keep an open mind as you read about The strange psychic life of the Australian Aborigines The mystery of the fire walkers of the Fiji Islands The yogis of India who may hold the key which scientists everywhere are looking for to unlock the hidden reservoirs of human efficiency and energy The startling and significant research into mental telepathy that is being done by Soviet scientists of the highest caliber Extra sensory perception and what the future holds for para psychology The researches into hypnosis cybernetics and ESB electrical stimulation of the brain Lourdes for whose cures medical science has no explanation The sensitives of mediums who claim to have special psychic powers and the honest appearing charlatans who prey upon the gullible How you can relate the facts in this book to your own life to develop and maintain your physical mental and moral well being
