The Spiritual Practice of Remembering Margaret Bendroth, 2013-11-11 We often dismiss history as dull or irrelevant but our modern disengagement from the past puts us fundamentally out of step with the long witness of the Christian tradition Yet says Margaret Bendroth the past tense is essential to our language of faith and without it our conversation is limited and thin This accessible beautifully written book presents a new argument for honoring the past The Christian tradition gives us the powerful image of a vast communion of saints all of God's people both living and dead in vital conversation with each other This kind of connection with our ancestors in the faith Bendroth maintains will not happen by wishing or by accident She argues that remembering must become a regular spiritual practice part of the rhythm of our daily lives as we recognize our world to be in many ways a gift from others who have gone before *Women, Ritual, and Power* Elizabeth

Ursic, 2014-09-30 Reveals the triumphs and struggles of contemporary Christian congregations to express female imagery of God in worship Many Christians do not know the Bible contains female images of God because they have never heard nor seen them in church In *Women Ritual and Power* Elizabeth Ursic gives the reader insight into four Christian communities that worship God with female imagery both as a worship focus and a community identity These Methodist Presbyterian Lutheran and Catholic congregations operate within their established church denominations and are led by either ordained Protestant ministers or vowed Catholic sisters Because expressing God as She can expose strident claims for maintaining God as He this book shows not only how patriarchy continues to operate in churches today but also how it is being successfully challenged through liturgy *Women Ritual and Power* is an important contribution to the theological world Elizabeth Ursic sheds light on what has enabled churches to include female images for the divine and provides multiple narratives of the negative reactions to such images As she displays how gender is understood in Christian worship with evidence that some churches do include feminist imagery the continuing presence of patriarchy is also revealed The book is basically about the constructive function of the inclusion of feminine images for all One of the main reasons we need this book is that Ursic perceives there is a much wider larger group of Christians who would love to have more feminist images than is recognized in churches and church practices Mary McClintock Fulkerson author of *Changing the Subject Women's Discourses and Feminist Theology* **The Figure of the Child in Contemporary Evangelicalism** Anna

Strhan, 2019-09-26 What does it mean to grow up as an evangelical Christian today What meanings does childhood have for evangelical adults How does this shape their engagements with children and with schools And what does this mean for the everyday realities of children's lives Based on in depth ethnographic fieldwork carried out in three contrasting evangelical churches in the UK Anna Strhan reveals how attending to the significance of children within evangelicalism deepens

understanding of evangelicals hopes fears and concerns not only for children but for wider British society Developing a new relational approach to the study of children and religion Strhan invites the reader to consider both the complexities of children's agency and how the figure of the child shapes the hopes fears and imaginations of adults within and beyond evangelicalism The Figure of the Child in Contemporary Evangelicalism explores the lived realities of how evangelical Christians engage with children across the spaces of church school home and other informal educational spaces in a dechristianizing cultural context how children experience these forms of engagement and the meanings and significance of childhood Providing insight into different churches contemporary cultural and moral orientations the book reveals how conservative evangelicals experience their understanding of childhood as increasingly countercultural while charismatic and open evangelicals locate their work with children as a significant means of engaging with wider secular society Setting out an approach that explores the relations between the figure of the child children's experiences and how adult religious subjectivities are formed in both imagined and practical relationships with children this study situates childhood as an important area of study within the sociology of religion and examines how we should approach childhood within this field both theoretically and methodologically

Between Feminism and Orthodox Judaism Yael Israel-Cohen, 2012-07-25 In Between Feminism and Orthodox Judaism Yael Israel Cohen offers an analysis of the activism and identity of women considered at the forefront of the feminist challenge to Orthodoxy Through a look at women's battle over synagogue ritual and the ordination of women rabbis an intricate and complex picture of identity resistance and religious change is revealed Some of the central questions that Yael Israel Cohen explores are How do modern Orthodox women strategize to implement feminist changes How do they deal with what at least on the surface seem to be conflicting allegiances How do they perceive their role as agents of change and what are the ramifications of their activism for how we understand the boundaries of Orthodoxy more generally Between Feminism and Orthodox Judaism represents an interpretive study at its finest It is well written theoretically sophisticated and grounded within the literature I highly recommend this book for scholars and nonscholars alike who are interested in studies of women's resistance in conservative settings Faezeh Bahreini University of South Florida Tampa

Why are Women more Religious than Men? Marta Trzebiatowska, Steve Bruce, 2012-09-20 Women are more religious than men Despite being excluded from leadership positions in almost every culture and religious tradition women are more likely than men to pray to worship and to claim that their faith is important to them Women also dominate the world of New Age spirituality and are far more superstitious than men This book reviews the now sizeable body of social research to consider if the gender gap in religion is indeed universal Marta Trzebiatowska and Steve Bruce extensively critique competing explanations of the differences found They conclude that the gender gap is not the result of biology but is rather the consequence of important social differences overlapping and reinforcing each other Responsibility for managing birth child rearing and death for example and attitudes to the body illness and health each play a part In the

West the gender gap is exaggerated because the social changes that undermined the plausibility of religion bore most heavily on men first Where the lives of men and women become more similar and where religious indifference grows the gender gap gradually disappears Written in an accessible style whilst drawing some robust conclusions the book s main purpose is to serve as a state of the art review for those interested in one of the largest differences between male and female behaviour

Veiled Desires Maureen Sabine,2013-08-22 Ingrid Bergman s engaging screen performance as Sister Mary Benedict in *The Bells of St Mary s* made the film nun a star and her character a shining standard of comparison She represented the religious life as the happy and rewarding choice of a modern woman who had a complete understanding of both erotic and spiritual desire How did this vibrant and mature nun figure come to be viewed as girlish and na ve Why have she and her cinematic sisters in postwar popular film so often been stereotyped or selectively analyzed so seldom been seen as women and religious In *Veiled Desires* a unique full length in depth look at nuns in film Maureen Sabine explores these questions in a groundbreaking interdisciplinary study covering more than sixty years of cinema She looks at an impressive breadth of films in which the nun features as an ardent lead character including *The Bells of St Mary s* 1945 *Black Narcissus* 1947 *Heaven Knows Mr Allison* 1957 *Sea Wife* 1957 *The Nun s Story* 1959 *The Sound of Music* 1965 *Change of Habit* 1969 *In This House of Brede* 1975 *Agnes of God* 1985 *Dead Man Walking* 1995 and *Doubt* 2008 *Veiled Desires* considers how the beautiful and charismatic stars who play chaste nuns from Ingrid Bergman and Audrey Hepburn to Susan Sarandon and Meryl Streep call attention to desires that the veil concealed and the habit was thought to stifle In a theologically and psychoanalytically informed argument Sabine responds to the critics who have pigeonholed the film nun as the obedient daughter and religious handmaiden of a patriarchal church and the respectful audience who revered her as an icon of spiritual perfection Sabine provides a framework for a more complex and holistic picture of nuns onscreen by showing how the films dramatize these women s Christian call to serve sacrifice and dedicate themselves to God and their erotic desire for intimacy agency achievement and fulfillment

Birth of Pleasure Carol Gilligan,2003-08-12 The author of the classic *In a Different Voice* offers a brilliant provocative book

about love that has powerful implications for the way we live and love today Compelling A thrilling new paradigm The Times Literary Supplement Carol Gilligan whose *In a Different Voice* revolutionized the study of human psychology now asks Why is love so often associated with tragedy Why are our experiences of pleasure so often shadowed by loss And can we change these patterns Gilligan observes children at play and adult couples in therapy and discovers that the roots of a more hopeful view of love are all around us She finds evidence in new psychological research and traces a path leading from the myth of Psyche and Cupid through Shakespeare's plays and Freud's case histories to Anne Frank's diaries and contemporary novels

The Deepening Darkness Carol Gilligan, David A. J. Richards, 2008-11-10 Why is America again unjustly at war Why is its politics distorted by wedge issues like abortion and gay marriage Why is anti-Semitism still so powerfully resurgent Such contradictions within democracies arise from a patriarchal psychology still alive in our personal and political lives in tension with the equal voice that is the basis of democracy This book joins a psychological approach with a political theoretical one that traces both this psychology based on loss in intimate life and resistance to it based on the love of equals to the Roman Republic and Empire and to three Latin masterpieces Virgil's *Aeneid* Apuleius's *The Golden Ass* and Augustine's *Confessions* In addition this book explains many other aspects of our present situation including why movements of ethical resistance are often accompanied by a freeing of sexuality and why we are witnessing an aggressive fundamentalism at home and abroad
