Financial Technologies and DeFi Abeba N. Turi, 2023-01-01 The hunt for new forms of value generation is shaping the future of economic and financial interactions, leading to the emergence of innovative business models and technological enablers. Other than challenging our time and space limits, such technological advancements in some cases have allowed the generation of value at nearly zero marginal cost. Inevitably, emergent tech solutions are fundamental game changers in digital and conventional finance. In this regard, the book fleshes out the core developments and trending fintech 2.0 solutions that pause challenges and bring opportunities for businesses and economies. It comprises nine main chapters with collective insights and interdisciplinary perspectives covering the business, tech, and regulatory layers of financial technologies and decentralized finance. Besides, the book illustrates how to leverage these state-of-the-art technologies for the evolving digital and decentralized finance world. The book targets a broad audience of researchers, academia, industry professionals, fintech enthusiasts, and the general business audience with timely data and up-to-date cases.

Community and Public Health Education Methods: A Practical Guide Robert J. Bensley, Jodi Brookins-Fisher, 2023-11-29 Updated to keep pace with this ever-evolving field, the fifth edition of *Community and Public Health Education Methods: A Practical Guide* teaches students to effectively communicate health education messages and positively influence the norms and behaviors of both individuals and communities. Written by and for health education specialists, this text explores the methods used by health educators, including didactic techniques designed to guide others toward the pursuit of a healthy lifestyle. Divided into four sections, this well-organized guide begins with a focus on building the foundation for selecting and applying community and public health education methods. It then explores acquiring tools necessary for applying community and public health education and health promotion strategies. Section III examines health communication and media, including exploring social marketing concepts, applying health communication skills using social media, and exploring digital media strategies.
