Experiencing the Truth Anthony J. Carter, 2008-06-09 *Experiencing the Truth* communicates the need of a vibrant experiential Reformed Christianity among African Americans and all believers How does a believer choose a church to attend Sadly too many Christians search for churches that serve them and meet their perceived needs Instead they should prefer places where God is exalted and biblical truth and Christian doctrine are proclaimed Such churches are essential if Christians are to understand what God is doing and what he calls His people to be

Experiencing the Truth presents these truths not simply to African American churches but also to the whole church today

Anthony Carter Michael Leach and Ken Jones clearly present the need for a vibrant experiential Reformed Christianity among African Americans These authors lay out the biblical basis for choosing and attending a church and they demonstrate how the historic Reformed expression has been the most biblically accurate and experientially consistent expression of Christianity

Gides, Joan Braune, 2025-11-26 Since the January 6 2021 coup attempt at the U S Capitol Christian nationalism has widely been called the greatest threat to democracy in the United States Yet academics and activists present many conflicting definitions and solutions *On Christian Nationalism Critical and Theological Perspectives* features an array of scholarly essays on Christian nationalism offering innovative exploration of topics including definitions and historical context current trends in the United States including intersections with racism sexism antisemitism

and Islamophobia comparative phenomena abroad and practical ways to address the problem theologically or politically An important book at a time of rising Christian far right mobilization and urgent need for a deeper theoretical analysis On Christian Nationalism pushes the conversation further and explores new vantage points The book will be of interest to those seeking a fuller richer and more complex understanding of Christian nationalism scholars of religious and political movements activists pastors journalists and others with a concerned focus in the area
