Birding From A Tractor Seat:

Birding From a Tractor Seat Charles T. Flugum, 1975 **Birding from a Tractor Seat** Charles T. Flugum, Walter John Breckenridge, 1975 This is a book of personal essays originally written as a monthly column for The Community Magazine published by the Trades Publishing Company of Albert Lea Minnesota It concerns many of my experiences with birds spanning a period from earliest recollections to adulthood Those early years were filled with delight in discovering new species and wide eyed wonder at the many strange sounds made by birds some of which remained mysterious for years For a lad with a burning curiosity about birds that prairie farm home near Thompson Iowa was a wonderful place to spend boyhood Windbreak trees the dredge ditch and the nearby cattail and bulrush sloughs attracted birds in abundance and variety In a haphazard sort of way I learned to know many of them and their winsome ways As I grew older I retained my avid interest in birds By the time I began farming on my own most field work was being done with tractor power and I discovered that as a vantage point from which to see birds at close range a tractor seat is ideal Birds that could not be approached within several rods by birdwatchers on foot would remain perched or walk confidently within a few feet of my noisy tractor Apparently birds consider the driver to be a part of the machine and do not associate the tractor with danger Because he is in the fields day after day a farmer is in a good position to see not only the birds of the field but also the migrating birds that fly overhead and occasionally stop to feed or rest while enroute to more northerly or southerly climates I have often been encouraged by my family and many of my fellow birders to publish in book form the 137 monthly columns I wrote for the Community Magazine So here finally is the book so long in the making I hope it reflects some of the joy I have found along the way in the sight sound and activity of birds I hope also that it reflects concern lest we lose some feathered species through ignorance apathy or plain disregard Birds have their place in the order of things Watch them Listen to them And enjoy their winsome ways

Musical Birds of Nevada George Griffith, 2009-02 A book about the songbirds of Nevada and their music **Semi Serious** Charlotte Stone, 2012-11 Semi Serious invites you along for the ride as the author recounts the sudden change in direction that her life took from teaching middle school to getting behind the wheel of an eighteen wheeler She opens up about the initial decision training and challenging rookie year in the first few chapters and incorporates Bible verses and some of her personal poems throughout After gaining experience and a certain level of comfort more attention could be paid to the freedom and adventure of the open road the sights of nature and encounters with people she would otherwise never have met As the pages keep turning the journey evolves from highway miles to a spiritual journey that may surprise you as much as it did the author While not included in the list of employee benefits the solitude and vast time for reflection and connection with God prove to be one of the best perks of trucking Semi Serious seems like a unique experience but perhaps not Setting aside the specifics the courage to Step out in faith has guided countless people to act on God's inspiration and find priceless rewards Semi Serious is for those at every stage of their own spiritual journey since there are as many different

roads to faith as there are people in this world Semi Serious is one woman s journey of stepping outside of the box while climbing into the cab of a big rig and always holding the hand of God Thought provoking and insightful this compilation of stories and poems is for anyone contemplating a new route in their faith journey With humor and an attention to detail Char Stone candidly shares God s guidance in her life as she travels literally the highways of life Jean S Graff MS NCC LCPC
