Blue Avenger Cracks The Code:

Blue Avenger Cracks the Code Norma Howe, 2000-09-01 Unless and until someone can convince me otherwise it's goodbye Mr Shakespeare hello Oxford Rue is blue as Blue can be A reporter can't get his name right the city council is putting bullets back in guns an unscrupulous software manufacturer has stolen a good friend's plans for a computer game and worst of all Omaha Nebraska Brown the love of his life has suddenly gone cold Only setting out on a new quest can right these wrongs A wonderful English teacher gives Blue the challenge that sends him to meet a devious merchant in Venice decode a mysterious cipher and devote himself to the cause of Edward de Vere the Earl of Oxford and Blue is sure the true and long hidden author of the greatest plays in English After desperate measures to avoid being alone in a gondola under the moon with a beautiful girl true Blue returns to Omaha's waiting arms and he finds a clever way for his friend to get credit for his inventions But whether he can prove Oxford really wrote Shakespeare's plays is up to the reader Blue Avenger Cracks the Code is a great stand alone book that will please Blue lovers grateful to see him back in action and will give teachers and parents a whole new way to interest young readers in Shakespeare The Teen-Centered Book Club Bonnie Kunzel, Constance Hardesty, 2006-03-30 Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered With innovative pragmatic ideas that will attract and retain teen readers this guide provides everything you need to run a successful teen centered book club Covering every step from planning and promoting to how to prompt discussion and keep it civilized this is a one stop source for the teen book club leader Dozens of reproducibles for teens include book lists ground rules and book based activities The book even has directions for evaluating your club and lists of resources for more information Whether you're starting a teen book club trying to revive a flagging program or wish to build on past success if you're involved in a teen book club this guide is a must What's the difference between a teen book club and an adult one Too often the answer is Not much Like so many programs for teens traditional book clubs tend to be scaled down versions of adult clubs If book selection taboo topics and logistical details are the most important things that set your teen book club apart from an adult one you could be missing a huge opportunity Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered They're not merely by for and about teens but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books but is all about teens their interests and needs their social habits and styles their initiative Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders Furthermore the teen centered book club has huge potential to further a whole range of library goals from bringing more teen patrons through the door to building community wide awareness and support for the library itself What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries budgeting impact on the facility and the collection and potential attempts at censorship to name just a few It's also the only guide that takes a teen

centered approach putting front and center the idea that as with so many other things book clubs for teens are not merely scaled back versions of adult clubs Whether you are starting a club attempting to revive a flagging program or building on past success this manual offers you innovative pragmatic ideas that will attract and retain teen readers Grades 6 12 Teen Book Clubs offers a fresh new approach for today s teen readers and clear instructions along with tips and ideas for building teen centered book clubs In 12 brief chapters the book covers the teen centered book club what it is and what it takes to make it work putting it together planning and putting the plan in action going public recruiting boosting visibility garnering support 15 cunningly creative types of teen book clubs using book club to develop teen leaders scads of book lists reproducibles and sample discussion prompters tweaking troubleshooting and tips for keeping it civilized evaluations beyond measure resources for more information Filled with practical checklists figures worksheets and reproducibles this is the guide that all teen book club leaders should have
