Blood And Knavery:

Blood and Knavery Joseph H. Marshburn, 1973 **Culture and Politics in Early Stuart England** Kevin Sharpe, 1993

In recent years new schools of historiography and criticism have recast the political and cultural histories of Elizabethan and early Stuart England. However, for all the benefits of their insights, most revisionist historians have too narrowly focussed on high politics to the neglect of values and ideology. New Historicist literary scholars have displayed an insufficient grasp of chronology and historical context. The contributors to this pioneering volume, richly fusing these approaches, apply a revisionist close attention to moments in the wide range of texts verbal and visual that critics have begun to read as representations of power and politics. Excitingly broadening the range of areas and evidence for the study of politics, these outstanding essays demonstrate how the study of high culture (classical translations, court portraits, royal palaces, the conduct of chivalric ceremony) and low culture (cheap pamphlets and scurrilous verses) enable us to reconstruct the languages through which contemporaries interpreted their political environment. The volume posits a reconsideration of the traditional antithetical concepts court and country, verbal and visual, critical and complimentary, elite and popular, and examines the constructions of a moral and social order enacted in a wide variety of cultural practices, and demonstrates how common vocabularies could in changed circumstances be combined and deployed to sustain quite different ideological positions. This book opens a new agenda for the study of the politics of culture and the culture of politics in early modern England. Publisher's website.

Blood and Land Harvey Beach, 2013. In a world where everyone has gone to war, not choosing sides is not an option. Lord Simon Montcalm goes to war in 1066 not just because he must be true to his oath to his overlord Duke William of Normandy upon threat of destitution or death for refusal, but because there is great profit to be had. Huge lands and properties in England, the richest kingdom in Christendom. But great profit means great risk in the gaining of it, and the forces of England are terrible. Being the only male of his noble line with no male heir himself, Lord Montcalm must win through the politics of his own side and the hazard of bloody battle to earn the promised glory for his name and riches for his family or die, leaving not just him dead but his whole noble line extinct. *The New sporting magazine*, 1858-07. **The Coursing calendar**, ed. by 'Stonehenge'. John Henry Walsh, 1868. **The Sportsman**, *The Sporting review*, ed. by 'Craven'. John William Carleton, 1858. **The Knave of Diamonds** Jack Karney, 2022-07-18. An ex-gob with the tattoo of an arrow pierced heart on the outside of his left wrist: this was the description of the heister who had made away with a mint of ice from the Donahue mansion. Jim Breen, insurance investigator, knew at once that the burglar had to be his old friend Barney Malin, the bookie. But when Jim set out to recover the rocks, he found out that the diamond theft somehow was meshed in with the organized gambling in town. He not only had to contend with his old buddy but with a lot of murderous new playmates too: a bunch of tough gunsels whose only rule for play was that the roughest man wins and the rest croak. *The Sporting magazine; or Monthly calendar of the transactions of the turf, the chace, and every other diversion interesting to the man of*
