Bloodlines From Ethnic Pride To Ethnic Terrorism:

Bloodlines Vamik D. Volkan, 1997 The author analyzes how ethnic conflict is affected by the formation of group identity the desire for revenge and perception versus reality

Bloodlines Vamik Volkan, 1998-11-27 In the wake of recent conflicts in Russia and the former Yugoslavia ethnic terrorism and ethnic cleansing have become household words Yet we are at a loss to find solutions to such struggles In *Bloodlines* Vamik Volkan a world renowned psychiatrist specializing in international relations explores ethnic violence by examining history and diplomacy through a psycho analytic lens Dr Volkan leads the reader on investigative tours of battlegrounds in the Middle East Russia Turkey Cyprus the Baltics and the Balkans In Serbia he discovers that the Battle of Kosovo fought in 1389 is the rallying cry for modern nationalists who view the past as prophecy In Turkey PKK terrorist leader Apo reveals that he still considers himself an unloved child and orders his army of Kurdish women to remain virgins because of his own disgust with unclean adult behavior In Latvia after the dissolution of the USSR Dr Volkan learns that ethnic Latvians plan to disinter corpses and segregate cemeteries in an attempt to establish a national identity separate from that of Russia Drawing on a variety of disciplines Dr Volkan analyzes these issues of identity formation perceived versus real threats the persistence of past traumas and the desire for revenge The result is a work that lays the foundation for understanding the differences between ethnic groups as well as the common ground they share Timely brilliant and gripping *Bloodlines* gives fascinating insights into how personal identity intertwines with nationality and why hatred of others becomes a part of our sense of self

The Role of Intelligence in Ending the War in Bosnia in 1995 Timothy R. Walton, 2014-09-26 In the summer of 2013 the Central Intelligence Agency and the Clinton Presidential Library made an unprecedented declassification of more than 300 documents showing the role of intelligence in supporting American decision making on Bosnia in the 1990s and in particular the 1995 Dayton Peace Agreement which brought an end to the fighting in Bosnia The following spring James Madison University hosted a conference in which scholars from all over the world assessed what the documents show about what is needed for the complex process of making peace Aspects covered included military political diplomatic and religious among others Timothy R Walton s *The Role of Intelligence in Ending the War in Bosnia in 1995* offers a collection of papers presented at the conference several of the authors were participants in the events of the time

Plight and Fate of Women During and Following Genocide Samuel Totten, 2017-07-05 The plight and fate of female victims during the course of genocide is radically and profoundly different from their male counterparts Like males female victims suffer demonization ostracism discrimination and deprivation of their basic human rights They are often rounded up deported and killed But unlike most men women are subjected to rape gang rape and mass rape Such assaults and degradation can and often do result in horrible injuries to their reproductive systems and unwanted pregnancies This volume takes one stride towards assessing these grievances and argues against policies calculated to continue such indifference to great human suffering The horror and pain suffered by females does not end with the act of

rape There is always the fear and reality of being infected with HIV AIDS Concomitantly there is the possibility of becoming pregnant Then there is the birth of the babies For some the very sight of the babies and children reminds mothers of the horrific violations they suffered When mothers harbor deep seated hatred or distain for such children it results in more misery The hatred may be so great that children born of rape leave home early in order to fend for themselves on the street This seventh volume in the Genocide series will provoke debate discussion reflection and ultimately action The issues presented include ongoing mass rape of girls and women during periods of war and genocide ostracism of female victims terrible psychological and physical wounds the plight of offspring resulting from rapes and the critical need for medical and psychological services *When Greeks think about Turks* Dimitrios Theodossopoulos, 2013-09-13 Drawing upon anthropological studies that document culturally specific ways of perceiving ethnic Others in Greece and Cyprus this book explores the cultural boundaries of the categories Greek and Turk and compares views on what it means to be one of these ethnic groups or both The contributors examine the opinions of diverse social groups such as ordinary middle class citizens intellectuals army officers children villagers refugees from Asia Minor and Greek and Turkish Cypriots They also investigate the local attitudes to international politics and highlight the contextual as opposed to immutable and essentialist meaning of evaluations about nations such as Greece Turkey and Cyprus and their citizens When Greeks think about Turks carefully unpacks the cultural meaning of popular metaphors stereotypes and versions of history as these are articulated in the context of discussions about the Turks in Greece It sets the template for understanding how local perceptions of resemblance and difference provide a conceptual framework for defining and negotiating ethnic identity at the local national and international level It sheds valuable light on the politics of identity making and the constitution of nationalism in Greece and Cyprus This book was previously published as a special issue of *South European Society and Politics* Allan King Seth Feldman, 2002-11-08 For nearly half a century Allan King has changed the way film and television show us the world Warrendale banned from Canadian television in one of the most infamous censorship battles of the 1960s took its place alongside other landmarks of direct cinema by such filmmakers as D A Pennebaker the Maysles brothers and Frederick Wiseman While considered to be one of the great documentarians King is also renowned as a key pioneer of the Canadian feature film industry His work has been described by critics as shattering illuminating and unforgettable Judith Crist stunning and in some ways ruthless Vincent Canby and magnificent Newsweek The first and only publication to examine King's entire body of work *Allan King Filmmaker* provides an extensive analysis of the life and work of one Canada's most significant and provocative filmmakers Includes an interview with the director and a filmography and bibliography Published by the Toronto International Film Festival Distributed in Canada by Wilfrid Laurier University Press Distributed outside Canada by Indiana University Press Anatomy of a Civil War Mehmet Gurses, 2019-02-28 *Anatomy of a Civil War* demonstrates the destructive nature of war ranging from the physical to the psychosocial as well as war's detrimental effects

on the environment Despite such horrific aspects evidence suggests that civil war is likely to generate multilayered outcomes To examine the transformative aspects of civil war Mehmet Gurses draws on an original survey conducted in Turkey where a Kurdish armed group the Kurdistan Workers Party PKK has been waging an intermittent insurgency for Kurdish self rule since 1984 Findings from a probability sample of 2 100 individuals randomly selected from three major Kurdish populated provinces in the eastern part of Turkey coupled with insights from face to face in depth interviews with dozens of individuals affected by violence provide evidence for the multifaceted nature of exposure to violence during civil war Just as the destructive nature of war manifests itself in various forms and shapes wartime experiences can engender positive attitudes toward women create a culture of political activism and develop secular values at the individual level In addition wartime experiences seem to robustly predict greater support for political activism Nonetheless changes in gender relations and the rise of a secular political culture appear to be primarily shaped by wartime experiences interacting with insurgent ideology

For Kin Or Country Stephen M. Saideman, R. William Ayres, 2008 Investigates why the collapse of communism prompted more violence in some instances and less violence in others *Why We Fight* David Churchman, 2005 *Why We Fight* draws on more than 20 academic disciplines to describe more than 100 theoretical explanations for human aggression and conflict It also describes and assesses more than 70 methods for managing conflict including individual interpersonal community intellectual organizational intrastate and interstate conflict
