Virginia Woolf and Her Female Contemporaries Julie Vandivere,Megan Hicks,2016 Virginia Woolf and Her Female Contemporaries helps us comprehend the ways that women writers and artists contributed to and complicated modernism by contextualizing them alongside Woolf's work *Concise Dictionary of Women Artists* Delia Gaze,2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume *Encyclopedia of British Women's Writing 1900-1950* Ashlie Sponenberg,2015-12-23 This study provides a comprehensive and wide ranging resource which includes information on many previously neglected British women writers novelists poets dramatists autobiographers and topics It provides contextualizing material with concise introductions to related topics including organizations movements genres and publications

Dictionary of Women Artists: Introductory surveys ; Artists, A-I Delia Gaze,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *Lytton Strachey and the Search for Modern Sexual Identity* Julie Anne Taddeo,2012-11-12 Examine Lytton Strachey's struggle to create a new homosexual identity and voice through his life and work This study of Lytton Strachey one of the neglected voices of early twentieth century England uses his life and work to re evaluate early British modernism and the relationship between Strachey's sexual rebellion and literature A perfect ancillary textbook for courses in history literature and women's studies Lytton Strachey and the Search for Modern Sexual Identity The Last Eminent Victorian contributes to the expanding field of queer studies from an historian's perspective It looks at homosexuality through the eyes of Lytton Strachey as opposed to the too often analyzed Oscar Wilde and E M Forster Questioning the idea that homosexuality is a transgressive rebellion as Strachey as well as scholars on Bloomsbury have insisted this volume focuses on the ongoing conflict between Strachey's Victorian notions of class gender and race and his desire to be modern Linking Strachey's life and work to the larger movement of English modernism Lytton Strachey and the Search for Modern Sexual Identity examines Strachey's role at Cambridge before World War I how he created his version of homosexuality out of the Victorian tradition of male romantic friendship his relations with the British Empire as he constructed a rich fantasy life that rested on racial and class differences his friendships and rivalries with the women of Bloomsbury how Strachey's use of sexuality androgyny and history defined and undermined his brand of modernism This thoughtfully indexed well referenced volume looks at Strachey's life in the words of author Julie Anne Taddeo to illustrate some of the issues concerning his generation of Cambridge and Bloomsbury colleagues and how they battled the Victorian ideology often without success It is an essential read for everyone interested in this fascinating chapter in literary and queer history *Anti-Portraits: Poetics of the Face in Modern English, Polish and Russian Literature (1835-1965)* Kamila

Pawlikowska, 2015-10-05 *Anti Portraits Poetics of the Face in Modern English Polish and Russian Literature 1835 1965* is a study of a physiognomic descriptions of the face It demonstrates that writers such as George Eliot Leo Tolstoy Edgar Allan Poe Nicolay Gogol Virginia Woolf and Witold Gombrowicz vigorously resisted the belief that facial features reflect character While other studies tend to focus on descriptions which affirm physiognomy this book examines portraits which question popular face reading systems and contravene their common premise the surface depth principle Such portraits reveal that physiognomic formula is a cultural construct invented to abridge organise and regulate legibility of the human face Most importantly strange and unreadable fictional faces frequently expose the connection between physiognomic judgement and stereotyping prejudice and racism **"Biography, Identity and the Modern Interior "** Penny Sparke, 2017-07-05 Through a series of case studies from the mid eighteenth century to the start of the twenty first this collection of essays considers the historical insights that ethno auto biographical investigations into the lives of individuals groups and interiors can offer design and architectural historians Established scholars and emerging researchers shed light on the methodological issues that arise from the use of these sources to explore the history of the interior as a site in which everyday life is experienced and performed and the ways in which contemporary architects and interior designers draw on personal and collective histories in their practice Historians and theorists working within a range of disciplinary contexts and historiographical traditions are turning to biography as means of exploring and accounting for social cultural and material change and this volume reflects that turn representing the fields of architectural and design history social history literary history creative writing and design practice Topics include masters and servants in eighteenth century English kitchens the lost interiors of Oscar Wilde s House Beautiful Elsa Schiaparelli s Surrealist spaces Jean Genet outlaws and the interiors of marginality and architect Lina Bo Bardi s Glass House S Paulo Brazil Between Self and Society John Rodden, 2016-01-15 *Between Self and Society* explores the psychosocial dramas that galvanize six major British novels written between the eighteenth and twentieth centuries The book challenges an influential misconception that has for too long hindered appreciation of the psychological novel John Rodden argues that there should be no simplifying antithesis between psychological inner conflicts within the mind or soul and institutional outer conflicts within family class community Instead it is the overarching dramatic yet often tortuous relations between self and society that demand our attention Rodden presents fresh interpretations of an eclectic group of prose fiction classics including Tobias Smollett s *The Adventures of Roderick Random* William Godwin s *Caleb Williams* Thomas Hardy s *The Mayor of Casterbridge* Ford Madox Ford s *The Good Soldier* Wyndham Lewis s *Tarr* and D H Lawrence s *Women in Love* Far from being merely admirable experiments let alone daring though interesting failures these fictions are shown to possess aesthetic unity stylistic consistency and psychic force *Between Self and Society* thus impels our careful reconsideration of novels that represent major artistic achievements yet have been either unjustly neglected or appreciated in limiting ways that do injustice to their psychological aspects Rodden s vibrant discussion invites

an upward revaluation of these works and encourages the full recognition of their value and significance in British literary history
