McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna
