Rayfield, 1972 *Africanity* Jacques Jérôme Pierre Maquet, 1972 The Passion Narratives of Saints Perpetua, Felicity, and Their Fellow Martyrs Nancy Enright, Francis J. Hunter, 2024-07-17 The *Passion Narratives of Saints Perpetua Felicity and Their Fellow Martyrs* presents a critical translation of three hagiographical masterpieces of late antiquity and a series of accompanying essays The translation by Francis J Hunter includes the two *Acta Brevia* narratives as companion texts and supplements to the *Passio Sanctarum* proper The interdisciplinary essays feature input from scholars in the fields of literature theology psychology and classics who each illustrate the dynamic and rich nature of the text Each chapter of the book is written to teach rather than critique the text for students or readers who wish to learn about Perpetua and Felicity early Christianity or the Roman empire and its relationship with the emergent Christian religion African-American Perspectives and Philosophical Traditions John Pittman, John P. Pittman, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time **Ibss: Anthropology: 1972** International Committee for Social Science Information and Documentation, 1974-10-24 First published in 1974 Routledge is an imprint of Taylor Francis an informal company **The SAGE Encyclopedia of African Cultural Heritage in North America** Mwalimu J. Shujaa, Kenya J. Shujaa, 2015-07-13 The *Encyclopedia of African Cultural Heritage in North America* provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity **FEATURES** A two volume
