After the Darkest Hour Kathleen A. Brehony, 2000-09-11 the stories of people who have endured trials and consequently found deeper spiritual and psychological meaning in their lives Jacket After the Darkest Hour Kathleen A. Brehony, 2000-09-11 In the tradition of When Bad Things Happen to Good People a book that explains the transformative power of suffering Most people understand that suffering and sorrow are inevitable parts of every life and that illness death or loss of a loved one are universal experiences not retribution or a symptom of bad luck But few of us comprehend the ways in which suffering can give rise to growth In this sensitive and caring book Kathleen Brehony describes the experiences of people who have endured life's trials and consequently found deeper spiritual and psychological meaning in their lives Drawing on a rich selection of mythological and religious stories from many faiths Brehony provides a historical and cultural context that enriches the meaning of these deeply personal tales After the Darkest Hour explores the qualities psychological behavioral and spiritual of those who have turned periods of pain and suffering into opportunities for growth and renewal The final chapters offer exercises that will help readers approach the difficult situations they face in a more conscious enlightened way as well as specific suggestions for creating personal healing rituals Parenting Mentally Ill Children Craig Winston LeCroy, 2011-03-03 This in depth exploration uses individual portraits to show what parents face as they love and care for their mentally ill children and cope with how the mental health system has failed them The Surgeon General has identified children's mental illness as a national problem that creates a burden of suffering so serious as to be considered a health crisis Yet what it means to be the parent of a mentally ill child has not been adequately considered until now Parenting Mentally Ill Children Faith Caring Support and Survival captures the essence of caring for these youngsters providing resources and understanding for parents and an instructive lesson for society Author Craig Winston LeCroy uses in depth interviews to chronicle the experiences of parents of mentally ill children as they attempt to survive each day obtain needed help and reach out for support and he lets them share their misunderstood emotions of shame anger fear guilt and powerlessness in the face of stigma from professionals family and friends The book concludes with a critical appraisal of the social policies that must be implemented to help and the reasons we should feel obligated to initiate them *The Journey Through Cancer* Dr. Jeremy Geffen, 2007-12-18 The Journey Through Cancer is an essential guide for all cancer patients their families and their loved ones As a board certified oncologist with more than ten years of experience serving as physician guide mentor coach and friend to thousands of cancer patients and their families Dr Jeremy Geffen has learned how cancer often challenges the mind heart and spirit of patients and their families as deeply if not more deeply than it challenges the physical body Yet this simple truth is often overlooked by Western medicine as it aggressively pursues the best ways to diagnose and treat cancer Too often physicians focus almost exclusively on the physical dimensions of the disease rather than caring for the whole person who has the disease Dr Geffen presents a groundbreaking seven level program used at his

cancer center in Florida that addresses every dimension of the person with cancer physical mental emotional and spiritual Education and Information giving patients answers to questions about their disease and their treatment options Psychosocial Support focusing on the need for and benefits of a strong support network The Body as Garden exploring the vast array of alternative and complementary therapies Emotional Healing helping patients and families deal with the often overwhelming emotional challenges of cancer The Nature of Mind exploring how patients thoughts and beliefs profoundly influence their journey Life Assessment showing patients how to discover their life s deepest meaning and purpose The Nature of Spirit connecting patients to the profoundly healing spiritual aspect of life we all share In The Journey Through Cancer Dr Geffen presents a revolutionary model of healing based on the best treatments available from every culture and paradigm of medicine one that respects and explores every possible avenue and resource for healing and transformation blending East and West body and mind heart and technology science and spirit
