and the United Kingdom by The Bodley Head John Lane's UK company on 21 January 1921. Styles was Christie's first published novel. It introduced Hercule Poirot, Inspector later Chief Inspector Japp, and Arthur Hastings. Poirot, a Belgian refugee of the Great War, is settling in England near the home of Emily Inglethorpe, who helped him to his new life. His friend Hastings arrives as a guest at her home. When the woman is killed, Poirot uses his detective skills to solve the mystery. The book includes maps of the house, the murder scene, and a drawing of a fragment of a will. The novel's true first publication was as a weekly serial in *The Times*, including the maps of the house and other illustrations included in the book. This novel was one of the first ten books published by Penguin Books when it began in 1935. This first mystery novel by Agatha Christie was well received by reviewers. An analysis in 1990 was positive about the plot, considered the novel one of the few by Christie that is well anchored in time and place, a story that knows it describes the end of an era, and mentions that the plot is clever. Christie had not mastered cleverness in her first novel, as too many clues tend to cancel each other out; this was judged a difficulty which Conan Doyle never satisfactorily overcame, but which Christie would.

Agatha Christie Agatha Christie, 2018-08-14 Tommy and Tuppence Beresford are the protagonists of a series of novels and short stories by Agatha Christie and mark the few ventures that Christie made into espionage tales rather than the whodunits she's known for. *The Secret Adversary* introduces Tommy and Tuppence, who feature in three other Christie novels and one collection of short stories; the five Tommy and Tuppence books span Agatha Christie's writing career. Thomas Beresford and Prudence Tuppence Cowley started out as friends in post-World War I Britain. Jobless and penniless, they place an ad in the paper marketing themselves as adventurers, leading to an encounter that starts their career as spies for an unnamed British intelligence agency.

The Monogram Murders Sophie Hannah, Agatha Christie, 2014-09 The new Hercule Poirot novel, another brilliant murder mystery that can only be solved by the eponymous Belgian detective and his little grey cells.
