

The background of the slide is a painting of a woman with long, wavy brown hair, seen from the side as she runs barefoot across a dark, rocky shore. She is wearing a long, flowing blue dress that trails behind her. Her right hand is raised, holding a small, dark, rounded object. The background of the painting shows a calm body of water and distant, hazy hills under a pale sky.

Age Of Robetti Burnejones And Watts Symbolism In Britain 18601910:

The Age of Rossetti, Burne-Jones & Watts Barbara Bryant, 1997 Published to accompany a major exhibition organized by the Tate Gallery London this is the first publication to explore the impact of British art on the international symbolist movement

Symbolism, Its Origins and Its Consequences Rosina Neginsky, 2010-08-11 The notion of the symbol is at the root of the Symbolist movement but this symbol is different from the way it was used and understood in the Middle Ages and Renaissance In the Symbolist movement a symbol is not an allegory The Belgian writer Maurice Maeterlinck defined its essence in an article that appeared on April 24 1887 in *L'Art moderne* He wrote that the notion of a symbol in the Symbolist movement is the opposite of the notion of the symbol in classical usage instead of going from the abstract to the concrete Venus incarnated in the statue represents love it goes from the concrete to the abstract from what is seen heard felt tasted and sensed to the evocation of the idea This volume attempts to give a glimpse into the power of the Symbolist movement and the nature of its fundamental and interdisciplinary role in the evolution of art and literature of the twentieth century It records the studies of a group of scholars who met and discussed these topics together for the first time in 2009 While illuminating the specificity of Symbolism in art architecture and literature in different European countries these articles also demonstrate the crucial role of French Symbolism in the development of the international Symbolist movement The authors hope that an expanding group a society of Art Literature and Music in Symbolism and Decadence ALMSD born out of the first meeting will continue to further this discussion at future conferences and in the printed conference proceedings

"My World My Work My Woman All My Own" Reading Dante Gabriel Rossetti in His Visual and Textual Narratives Yildiz Kilic, 2014-08-18 Dante Gabriel Rossetti Pre Raphaelite extraordinaire is unique as Victorian proto expressionistic painter poet who relentlessly sought representation of a tormented personified self through the communicative relationship between image and word In this interdisciplinary study is considered the narrative interaction that unifies ideas and forms into a self expressive dialectical that informs of autonomous individualism and gender politics as a social problematic Rossetti known universally as a charismatic and vibrantly passionate man is tangibly revealed in the most tenderly transparent narratives to be a haunted and socially subjugated man who searched for self definition as a man and as an artist By an intricate analysis of key textual and visual narratives Yildiz Kilic provides an insightful and wholly original interpretation of Rossetti as Victorian victim and innovator

Picture World Rachel Teukolsky, 2020-08-16 The modern media world came into being in the nineteenth century when machines were harnessed to produce texts and images in unprecedented numbers In the visual realm new industrial techniques generated a deluge of affordable pictorial items mass printed photographs posters cartoons and illustrations These alluring objects of the Victorian parlor were miniaturized spectacles that served as portals onto phantasmagoric versions of the world Although new kinds of pictures transformed everyday life these ephemeral items have received remarkably little scholarly attention *Picture World* shines a welcome new light onto these critically neglected yet

fascinating visual objects They serve as entryways into the nineteenth century's key aesthetic concepts Each chapter pairs a new type of picture with a foundational keyword in Victorian aesthetics a familiar term reconceived through the lens of new media Character appears differently when considered with caricature in the new comics and cartoons appearing in the mass press in the 1830s likewise the book approaches realism through pictorial journalism illustration via illustrated Bibles sensation through carte de visite portrait photographs the picturesque by way of stereoscopic views and decadence through advertising posters Picture World studies the aesthetic effects of the nineteenth century's media revolution it uses the relics of a previous era's cultural life to interrogate the Victorian world's most deeply held values arriving at insights still relevant in our own media age

Unbinding Medea Heike Bartel, 2017-07-05 Medea simply to mention her name conjures up echoes and cross connections from Antiquity to the present The vengeful wife the murderess of her own children the frail suicidal heroine the archetypal Bad Mother the smitten maiden the barbarian the sorceress the abused victim the case study for a pathology For more than two thousand years she has arrested the eye in paintings reverberated in opera called to us from the stage She demands the most interdisciplinary of study from ancient art to contemporary law and medicine she is no more to be bound by any single field of study than by any single take on her character The contributors to this wide ranging volume are Brian Arkins Angela J Burns Anthony Bushell Richard Buxton Peter A Campbell Margherita Carucci Daniela Cavallaro Robert Cowan Hilary Emmett Edith Hall Laurence D Hurst Ekaterini Kepetzis Ivar Kvistad Catherine Leglu Yixu Lue Edward Phillips Elizabeth Prettejohn Paula Straile Costa John Thorburn Isabelle Torrance Terence Stephenson and Amy Wygant

Reframing Decadence Peter Jeffreys, 2016-02-19 During his sojourn in England during the 1870s a young Cavafy found himself enthralled by the aesthetic movement of cosmopolitan London It was during these years that he encountered the canvases and personalities of Pre Raphaelite painters including Burne Jones and Whistler as well as works of aesthetic writers who were effecting a revolution in British literary culture and channeling influences from France that would gradually coalesce into an international decadent movement In Reframing Decadence Peter Jeffreys returns us to this critical period of Cavafy's life showing the poet's creative indebtedness to British and French avant garde aesthetes whose collective impact on his poetry proved to be profound In the process Jeffreys offers a critical reappraisal of Cavafy's relation to Victorian aestheticism and French literary decadence Foremost among the tropes of decadence that captivated Cavafy were the decline of imperial Rome the rise of Christianity and the lingering twilight of Byzantium The influence of Walter Pater on Cavafy's view of classical and late antique history was immense inflected as it was with an unapologetic homoerotic aesthetic that Cavafy would adopt as his own making Pater's imaginary portraits an important touchstone for his own historicizing poetry Cavafy would move beyond Pater to explore a more openly homoerotic sensuality but he never quite abandoned this rich Victorian legacy one that contributed greatly to his emergence as a global poet Jeffreys concludes by considering Cavafy's current popularity as a gay poet and his curious relation to kitsch as manifest in his ongoing popularity

via translation and visual media *Beyond the Frame* Deborah Cherry, 2012-11-12 *Beyond the Frame* rewrites the history of Victorian art to explore the relationships between feminism and visual culture in a period of heady excitement and political struggle Artists were caught up in campaigns for women's enfranchisement education and paid work and many were drawn into controversies about sexuality This richly documented and compelling study considers painting sculpture prints photography embroidery and comic drawings as well as major styles such as Pre Raphaelitism Neo Classicism and Orientalism Drawing on critical theory and post colonial studies to analyse the links between visual media modernity and imperialism Deborah Cherry argues that visual culture and feminism were intimately connected to the relations of power

Holterhoff, 2022-03-07 This book examines illustrations created to accompany fictions written by several of the most popular authors published in Britain and America between 1885 and 1920 By studying the lavish illustrations that complemented not only initial serializations but also subsequent publications of fictions by H Rider Haggard Rudyard Kipling James De Mille Robert Louis Stevenson and H G Wells the book demonstrates the significance of images to the fin de siècle romance form In order to make fantastic plots seem possible graphic artists worked hand in hand with authors to not only fill gaps in audience understanding but also expand and deepen the meaning of these marvels The book will be of interest to scholars working in art history visual culture illustration studies British and American history and British and American literature The Cambridge Companion to the Pre-Raphaelites Elizabeth Prettejohn, 2012-07-23 The group of young painters and writers who coalesced into the Pre Raphaelite movement in the middle years of the nineteenth century became hugely influential in the development not only of literature and painting but also more generally of art and design Though their reputation has fluctuated over the years their achievements are now recognised and their style enjoyed and studied widely This volume explores the lives and works of the central figures in the group among others the Rossettis William Holman Hunt John Everett Millais Ford Madox Brown William Morris and Edward Burne Jones This is the first book to provide a general
