African American Women Speak Out on Anita Hill-Clarence Thomas Geneva Smitherman, 1995 An essential voice has been added to the ongoing national debate and public discourse on race class and gender African American Women Speak Out on Anita Hill Clarence Thomas is the first commentary on the Anita Hill Clarence Thomas confrontation written exclusively by African American women Margaret Walker Alexander Angela Y Davis Darlene Clark Hine Harriette McAdoo Julianne Malveaux and other scholars and writers offer reflections and in depth analyses on one of the most wrenching public dramas in recent history Diverse and interdisciplinary in scope the contributions clarify the significance of the event and examine the broader ramifications for the African American community and the nation **Handbook of Action Research** Peter Reason, Hilary Bradbury, 2006-01-17 With the Handbook of Action Research hailed as a turning point in how action research is framed and understood by scholars this student edition has been structured to provide an easy inroad into the field for researchers and students It includes concise chapter summaries and an informative introduction that draws together the different strands of action research and reveals their diverse applications as well as their interrelations Divided into four parts there are important themes of thinking and practice running throughout *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Encyclopedia of Race and Ethnic Studies** Ellis Cashmore, 2004-03-01 Developed from the critically acclaimed and commercially successful Dictionary of Race and Ethnic Relations now in its fourth edition Encyclopedia of Race and Ethnic Studies has been assembled by a world class team of international scholars led by Ellis Cashmore to provide an authoritative single volume reference work on all aspects of race and ethnic studies From Aboriginal Australians to xenophobia Nelson Mandela to Richard Wagner sexuality to racial profiling the Encyclopedia is organized alphabetically and reflects cultural diversity in a global context The entries range from succinct 400 word definitions to in depth 2000 word essays to provide comprehensive coverage of all the key terms concepts and debates important figures both historical and contemporary landmark cases historical events Although unafraid to engage with cutting edge theory the Encyclopedia is uncluttered by jargon and has been written in a lucid facts fronted style to offer an accessible introduction to race and ethnic studies The Encyclopedia is also fully cross referenced and thoroughly indexed with most entries followed by annotated up to date suggestions for further reading to guide the user to the key sources It is destined to become an essential resource for scholars and students of race and ethnic studies as well as a handy reference for journalists and others working in the field **Encyclopedia of Women and American Politics, Third Edition** Lynne Ford, 2021-07-01 Encyclopedia of Women and American Politics Third Edition contains all the material a reader needs to understand the role of women throughout America s political history This informative A to Z volume contains hundreds of

entries covering the people events and terms involved in the history of women and politics Entries include Abortion Alexandria Ocasio Cortez The birth control movement Black Lives Matter Hillary Rodham Clinton Deb Haaland Domestic violence Equal Rights Amendment ERA Glass ceiling League of Women Voters MeToo movement Michelle Obama Sonia Sotomayor Elizabeth Warren and many more

Sex and the Office Julie Berebitsky, 2012-04-17 In this engaging book the first to historicize our understanding of sexual harassment in the workplace Julie Berebitsky explores how Americans attitudes toward sexuality and gender in the office have changed since the 1860s when women first took jobs as clerks in the U S Treasury office Berebitsky recounts the actual experiences of female and male office workers draws on archival sources ranging from the records of investigators looking for waste in government offices during World War II to the personal papers of Cosmopolitan editor Helen Gurley Brown and Ms magazine founder Gloria Steinem and explores how popular sources including cartoons advertisements advice guides and a wide array of fictional accounts have represented wanted and unwelcome romantic and sexual advances This range of evidence and the study s long scope expose both notable transformations and startling continuities in the interplay of gender power and desire at work

Beyond the Black Lady Lisa B. Thompson, 2023-12-11 In this book Lisa B Thompson explores the representation of black middle class female sexuality by African American women authors in narrative literature drama film and popular culture showing how these depictions reclaim black female agency and illustrate the difficulties black women confront in asserting sexual agency in the public sphere Thompson broadens the discourse around black female sexuality by offering an alternate reading of the overly determined racial and sexual script that casts the middle class black lady as the bastion of African American propriety Drawing on the work of black feminist theorists she examines symptomatic autobiographies novels plays and key episodes in contemporary American popular culture including works by Anita Hill Judith Alexa Jackson P J Gibson Julie Dash Kasi Lemmons Jill Nelson Lorene Cary and Andrea Lee

Healing Identities Cynthia Burack, 2018-08-06 Group identifications famously pose the problem of destructive rhetoric and action against others Cynthia Burack brings together the theory work of women of color and the tools of psychoanalysis to examine the effects of group collaborations for social justice and progressive politics This juxtaposition illuminates some assumptions about race and equality encoded in psychoanalysis Burack s discursive analysis suggests the positive identity affirming aspects of group relational life for African American women One analytic response to groups emphasizes the dangers of these identifications and exhorts people to abandon or transcend them for their own good and for the good of others who may be harmed by group based forms of cultural or material violence Another response understands that people feel a need for group identifications and asks how they may be made more resistant to malignant group based discourse and action What can black feminist thought teach scholars and democratic citizens about groups Burack shows how the rhetoric of black feminism models reparative rather than destructive forms of group dialogue and action Although it may be impossible to eliminate group identifications that provide much of the

impetus for bias and violence she argues we can encourage more progressive forms of leadership solidarity and coalition politics

All in the Family Robert O. Self, 2012-09-18 A brilliant history of American beliefs about the family and how those ideas have affected our politics since the 1960s Washington Monthly In the 1960s Lyndon Johnson's Great Society and War on Poverty promised an array of federal programs to assist working class families In the 1980s Ronald Reagan declared the GOP the party of family values and promised to keep government out of Americans lives Again and again historians have sought to explain the nation's profound political realignment from the 1960s to the 2000s five decades that witnessed the fracturing of liberalism and the rise of the conservative right The award winning historian Robert O Self is the first to argue that the separate threads of that realignment from civil rights to women's rights from the antiwar movement to Nixon's silent majority from the abortion wars to gay marriage from the welfare state to neoliberal economic policies all ran through the politicized American family Based on an astonishing range of sources All in the Family rethinks an entire era from the Great Society's default assumption of a white heterosexual man at the head of each household to the quests for equal rights and opportunities for a broader range of citizens and a more inclusive idea of the American family He discusses the Roe v Wade decision and antidiscrimination protections in the workplace and the furious conservative backlash that began in the 1970s as figures such as George Wallace Phyllis Schlafly Anita Bryant and Jerry Falwell built a political movement based on the perceived moral threat to the traditional family Self writes that family values conservatives in fact paved the way for fiscal conservatives and that Reagan's presidency united the two constituencies which remained for decades the base of the Republican Party This is a powerful well researched account of how the efforts of marginalized groups to assert their rights as citizens ran up against the resistance of entrenched privilege setting the stage for the polarization that grips US politics today Self reminds us that our democracy is an imperfect thing only as noble as the people who constitute it The Boston Globe

Shaded Lives Beretta E. Smith-Shomade, 2002 In Shaded Lives Beretta Smith Shomade sets out to dissect images of the African American woman in television from the 1980s She calls their depiction binaristic or split African American women although an essential part of television programming today are still presented as distorted and deviant By closely examining the television texts of African American women in comedy music video television news and talk shows Oprah Winfrey is highlighted Smith Shomade shows how these voices are represented what forces may be at work in influencing these images and what alternate ways of viewing might be available
