*African Philosophy in Search of Identity : D A Masolo ,1993*      *African Philosophy in Search of Identity* D A Masolo,2019-08-06 African Philosophy in Search of Identity      *African Philosophy in Search of Identity* D. A. Masolo,1994 a great read It is masterfully presented and is an ideal text both for advanced undergraduates and graduate students International Journal of African Historical Studies a detailed critical guide to fifty years of African philosophy Teaching Philosophy Masolo offers an expansive and lucidly panoramic view of the origin and developments in African philosophy Africa Today The excellence of this book lies in the wealth of perspectives that it brings to the discussion on what constitutes philosophy rationality and meaningful reflection It is both thought provoking and illuminating Ethics A Kenyan philosopher surveys themes and debates in African philosophy over the last five decades Masolo s purview includes Francophone and Anglophone philosophers in both the analytic and phenomenological traditions      **An Introduction to African Philosophy** Maurice Muhatia Makumba,2007      **The Doctrine of God in African Christian Thought** James Henry Owino Kombo,2007 Noting the relationship between philosophy and the doctrine of the Trinity this book offers the African pre Christian understanding of God and the Ntu metaphysics as theoretical gateways for African reflections on the doctrine of the Trinity      **Self and Community in a Changing World** D. A. Masolo,2010-07-16 Revisiting African philosophy s classic questions D A Masolo advances understandings of what it means to be human whether of African or other origin Masolo reframes indigenous knowledge as diversity How are we to understand the place and structure of consciousness How does the everyday color the world we know Where are the boundaries between self and other universal and particular and individual and community From here he takes a dramatic turn toward Africa s current political situation and considers why individual rights and freedoms have not been recognized respected demanded or enforced Masolo offers solutions for containing socially destructive conduct and antisocial tendencies by engaging community His unique thinking about community and the role of the individual extends African philosophy in new global directions      *African Philosophy and the Quest for Autonomy* Leonhard Praeg,2022-06-08 As academic subject African philosophy is predominantly concerned with epistemology It aims at re presenting a lost body of authentic African thought This apparently austere a historical concern is framed by a grand narrative of liberation that cannot but politicise the quest for epistemological autonomy By politicise I mean that the desire to re cover an authentic African epistemology in order to establish African philosophy as autonomous subject ironically re iterates Western enlightenment notions of the autonomous subject Here in the pursuit of an autonomous subject the terms of historical oppression are necessarily duplicated in the terms of liberation In this study I use the term disfigurement to refer to the double bind peculiar to post coloniality in which the African subject finds itself when it has to establish and affirm a sense of apartheid in order to confirm the assumption of difference by inventing its own autonomy in a way that ironically conflicts with an African conception of the autonomous subject The transcendental concern with

epistemological authenticity and autonomy indicative of an oppressive desire for Western style autonomy necessary as it may be in a post colonial context is placed in an ethical framework that seeks to remain faithful to the African dictum of identity and autonomy I am because we are Whereas the first three chapters are concerned with the transcendental question what is African philosophy the fourth and last chapter situates the ethical framework within which this question arises in the context of the recently completed South African Truth and Reconciliation Commission

The Palgrave Handbook of African Philosophy Adeshina Afolayan, Toyin Falola, 2017-11-17 This handbook investigates the current state and future possibilities of African Philosophy as a discipline and as a practice vis vis the challenge of African development and Africa's place in a globalized neoliberal capitalist economy The volume offers a comprehensive survey of the philosophical enterprise in Africa especially with reference to current discourses arguments and new issues feminism and gender terrorism and fundamentalism sexuality development identity pedagogy and multidisciplinary etc that are significant for understanding how Africa can resume its arrested march towards decolonization and liberation

Chimakonam, 2014-12-15 The story of African philosophy is surrounded by controversy Decades after the great debate over its mere existence many vital questions have been left unanswered From examining the origins of African philosophy to addressing fundamental issues in ontology epistemology ethics and political thought this collection of essays brings fresh insight to questions both old and new First time readers and seasoned scholars alike will find this book to be an essential resource in African thought At l mal gives shape and direction to a hitherto formless discipline and heralds an exciting future for African philosophy
