African Presence In The Bible Gospel Sermons Rooted In History:

The African Presence in the Bible William D. Watley, Raquel Annette St. Clair, 2000 In 18 eye opening sermons the authors instill a new level of appreciation belonging and cultural acceptance by telling the Christian story of the African people's geographic cultural and religious heritage Lessons from the teachings of the African experience in the Bible address many contemporary issues for people of all races

Contemporary African American preaching P3040, L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression

A Journey to the Roots of Rastafari Abba Yahudah, 2014-07-03 Ethiopia accepted Christianity as her sovereign faith after being a Judaic nation for centuries before Christ Her political seat being the Throne of David makes this event uniquely significant in that Judaism as a religion or as a nation had no existing empire By this we mean that after the destruction of Jerusalem in 588 BC and the dispersion of the Israelites the Jews as a nation were unable to reconstruct an independent state anywhere in the world except for the empire established in Ethiopia Therefore Ethiopia represented the only nation to have made such a transition from Judaism to Christianity When one makes a thorough study of the traditions of the biblical Jewish nation one will understand that a Jewish nation could not be reestablished without the Throne and seed of King David Therefore Israel as a place remains to be the fragmented ruins of a past flourishing Jewish state The Roman invasion and occupation of Jerusalem created an atmosphere of tension and political unrest that continued and subsequently led to the destruction of this once glorious city which used to house the Ark of the Covenant All this occurred before the birth of Christ who was to be the major element in the events that were to lead to a New Way

Christian Reflection in Africa Paul Bowers, 2018-07-05 This reference collection presents academic reviews of more than twelve hundred contemporary Africa related publications relevant for informed Christian reflection in and about Africa The collection is based on the review journal BookNotes for Africa a specialist resource dedicated to bringing to notice such publications and furnishing them with a one paragraph description and evaluation Now assembled here for the first time is the entire collection of reviews through the first thirty issues of the journal's history The core intention both of the journal and of this compilation is to encourage and to facilitate informed Christian reflection and engagement in Africa through a thoughtful encounter with the published intellectual life of the continent Reviews have been provided by a team of more than one hundred contributors drawn from throughout Africa and overseas The books and other media selected for review represent a broad cross section of interests and issues of personalities and interpretations including the secular as well as the religious The collection will be of special

interest to academic scholars theological educators libraries ministry leaders and specialist researchers in Africa and throughout the world but will also engage any reader looking for a convenient resource relating to modern Africa and Christian presence there

Black Church Studies Stacey M. Floyd-Thomas, 2007 Religious Studies Over the last thirty years African American voices and perspectives have become essential to the study of the various theological disciplines Writing out of their particular position in the North American context African American thinkers have contributed significantly to biblical studies theology church history ethics sociology of religion homiletics pastoral care and a number of other fields Frequently the work of these African American scholars is brought together in the seminary curriculum under the rubric of the black church studies class Drawing on these several disciplines the black church studies class seeks to give an account of the broad meaning of Christian faith in the African American experience Up to now however there has not been a single comprehensive textbook designed to meet the needs of students and instructors in these classes *Black Church Studies An Introduction* will meet that need Drawing on the work of specialists in several fields it introduces all of the core theological disciplines from an African American standpoint from African American biblical interpretation to womanist theology and ethics to sociological understandings of the life of African American churches It will become an indispensable resource for all those preparing to serve in African American congregations or to understand African American contributions to the study of Christian faith Looks at the diverse definitions and functions of the Black Church as well as the ways in which race class religion and gender inform its evolution Provides a comprehensive view of the contributions of African American Scholarship to the current theological discussion Written by scholars with broad expertise in a number of subject areas and disciplines Will enable the reader to relate the work of African American theological scholars to the tasks of preaching teaching and leading in local congregations Will provide the reader the most comprehensive understanding of African American theological scholarship available in one volume Stacey Floyd Thomas Brite Divinity School Juan Floyd Thomas Texas Christian University Carol B Duncan Wilfrid Laurier University Stephen G Ray Jr Lutheran Theological Seminary Philadelphia Nancy Lynne Westfield Drew University Theology Theology and Doctrine Contemporary Theology
