Afro American Fiction Writers After 1955

Valerie Babb

Afro American Fiction Writers After 1955:

Dictionary of Literary Biography, 1978 *A History of the African American Novel* Valerie Babb, 2017-07-31 This History is intended for a broad audience seeking knowledge of how novels interact with and influence their cultural landscape Its interdisciplinary approach will appeal to those interested in novels and film graphic novels novels and popular culture transatlantic blackness and the interfacing of race class gender and aesthetics **A Companion to African American Literature** Gene Andrew Jarrett, 2013-02-25 Through a series of essays that explore the forms themes genres historical contexts major authors and latest critical approaches A Companion to African American Literature presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural media literary aesthetics and political ideologies Addresses the latest critical and scholarly approaches to African American literature Features essays by leading established literary scholars as well as newer voices *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Leon Forrest** John G. Cawelti, 1997 Leon Forrest Introductions and Interpretations combines biography and various methods of critical analysis to interpret the work of this important African American novelist and essayist who critics have compared to Joyce Faulkner and Tolstoy Highly praised by Saul Bellow Ralph Ellison and Toni Morrison Forrest s four novels present a remarkably rich and engaging view of contemporary African American urban culture and its roots in the southern past The book includes a general introduction which surveys Forrest s life and presents an interpretation of the unity of his fiction as well as individual essays offering different interpretations of Forrest s four major novels three interviews with the writer and a detailed chronology and bibliography *Race and the Modern Artist* Heather Hathaway, Josef Jařab, Jeffrey Melnick, 2003 The essays in this collection examine the disputed relationships between modernity modernism and American cultural diversity and thus add an important dimension to our understanding of 20th century literature **The Concise Oxford Companion to African American Literature** William L. Andrews, Frances Smith Foster, Trudier Harris, 2001-02-15 A breathtaking achievement this Concise Companion is a suitable crown to the astonishing production in African American literature and criticism that has swept over American literary studies in the last two decades It offers an enormous range of writers from Sojourner Truth to Frederick Douglass from Zora Neale Hurston to Ralph Ellison and from Toni Morrison to August Wilson It contains entries on major works including synopses of novels such as Harriet Jacobs s Incidents in the Life of a Slave Girl Richard Wright s Native Son and Lorraine Hansberry s A Raisin in the Sun It also incorporates information on literary characters such as Bigger Thomas Coffin Ed Johnson Kunta Kinte Sula Peace

as well as on character types such as Aunt Jemima Brer Rabbit John Henry Stackolee and the trickster Icons of black culture are addressed including vivid details about the lives of Muhammad Ali John Coltrane Marcus Garvey Jackie Robinson John Brown and Harriet Tubman Here too are general articles on poetry fiction and drama on autobiography slave narratives Sunday School literature and oratory as well as on a wide spectrum of related topics Compact yet thorough this handy volume gathers works from a vast array of sources from the black periodical press to women s clubs making it one of the most substantial guides available on the growing exciting world of African American literature

The Lever of Riches Joel Mokyr,1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation s creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

The Culture of the Publisher's Series, Volume One J. Spiers,2011-02-18 This volume focuses on the publisher s series as a cultural formation a material artefact and component of cultural hierarchies Contributors engage with archival research cultural theory literary and bibliometric analysis amongst a range of other approaches to contextualize the publisher s series in terms of its cultural and economic work

Literary Research and American Postmodernism Emily

Witsell, 2016-07-18 *Literary Research and American Postmodernism* is a guide to scholarly research in the field of American postmodern literature which this volume defines as the period between 1950 and 1990. This work aims to provide advanced undergraduate students, graduate students, and scholars of literature with a comprehensive view of the print and online resources available in literature and related subject areas. The volume offers best practices for research, especially for the challenges inherent to the field of American postmodernism, and provides scholars with a path toward success in their research endeavors. The opening chapters describe the state of academic research in the literary field and how to formulate an appropriate research topic, develop keywords, and use advanced search techniques to improve search results. One chapter is devoted to how to navigate library catalogs, read a catalog record, and locate materials in libraries worldwide. Subsequent chapters describe general reference resources, print and electronic bibliographies, and scholarly journals that focus on literature in the second half of the twentieth century. The author identifies resources for locating the book reviews and historical magazines and newspapers that can offer insight into the history of particular author's publications. The unique challenges and promises of archival research are outlined along with tips for getting the most out of a trip to a special collections library to perform primary research. Web resources and techniques for finding scholarly resources on the Internet are addressed in addition to subscription-based or library-owned materials. The final chapter synthesizes the information described in the previous chapters by taking the reader through a real-life research question and demonstrating how a scholar might locate resources on a difficult topic. An appendix of resources in related fields suggests additional directions the researcher might explore.

The Enigmatic Realm of **Afro American Fiction Writers After 1955**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary.
