Portuguese Revolution Ronald H. Chilcote, 2012-08-31 Building on decades of research leading scholar Ronald H Chilcote provides a definitive analysis of the 1974-1975 Portuguese revolution which captured global attention and continues to resonate today His study revisits a key historical moment to explain the revolution and its aftermath through periods of authoritarianism and resistance as well as representative and popular democracy Exploring the intertwined themes of class state and hegemony Chilcote builds a powerful framework for understanding the Portuguese case as well as contemporary political economy worldwide Hispanic and Lusophone women filmmakers Parvati Nair, Julian Gutierrez-Albilla, 2019-01-04

This volume examines the films of Hispanic and Lusophone women filmmakers from the 1930s to the present day It establishes productive connections between film practices across these geographical areas by identifying common areas of concern on the part of these female filmmakers Focusing on aesthetic theoretical and socio historical analyses it questions the manifest or latent gender and sexual politics that inform and structure the emerging cinematic productions by women filmmakers in Portugal Spain Latin America and the US With a combination of scholars from the UK the US Spain and Latin America the volume documents and interprets a fascinating corpus of films made by Hispanic and Lusophone women and proposes research strategies and methodologies that can expand our understanding of socio cultural and psychic constructions of gender and sexual politics An essential resource to rethink notions of gender identity and subjectivity it is a unique contribution to Spanish and Latin American Film Studies and Film Studies **Feminist Writings from Ancient**

Times to the Modern World Tiffany K. Wayne, 2011-10-17 Collecting more than 200 sources in the global history of feminism this anthology supplies an insightful record of the resistance to patriarchy throughout human history and around the world From writings by Enheduana in ancient Mesopotamia 2350 BCE to the present day manifesto of the Association of Women for Action and Research in Singapore *Feminist Writings from Ancient Times to the Modern World* A Global Sourcebook and History excerpts more than 200 feminist primary source documents from Africa to the Americas to Australia Serving to depict feminism as much broader and older than simply the modern struggle for political rights and equality this two volume work provides a more comprehensive and varied record of women's resistance cross culturally and throughout

history The author's goal is to showcase a wide range of writers, thinkers and organizations in order to document how resistance to patriarchy has been at the center of social, political and intellectual history since the infancy of human civilization. This work addresses feminist ideas expressed privately through poetry, letters and autobiographies as well as the public and political aspects of women's rights movements.

Antigone's Daughters? Hilary Owen, Cláudia Pazos Alonso, 2011-02-24 *Antigone's Daughters* provides the first detailed discussion in English of six well-known Portuguese women writers working across a wide range of genres: Florbela Espanca 1894-1930, Irene Lisboa 1892-1958, Agustina Bessa-Luís 1923-2023, Natália Correia 1923-1993, Hélia Correia 1949- and Lídia Jorge 1946-. Together they cover the span of the 20th century and afford historical insights into the complex gender politics of achieving institutional acceptance and validation in the Portuguese national canon at different points in the 20th century. Although a patrilinear evolutionary model visibly structures national literary history in Portugal to the present day, women writers and critics have not generally sought to replace this with a matrilinear feminist counter-history. The unifying metaphor that the authors adopt here for the purpose of discussing Portuguese women's ambivalent response to female genealogy is the classical figure of Antigone who paradoxically sacrifices her own genealogical continuity in the name of defending family and kinship while resisting the patriarchal pragmatics of state building. Should women writers faced with the absence of a female tradition posit a woman-centred place outside the jurisdiction of male genealogy, however strategically essentialist, that place may be or should they primarily eschew fixed sexual identity to act as unnameable saboteurs undoing the law of patriarchal tradition from within.

Portuguese Modernisms Steffen Dix, 2017-07-05 For a more encompassing and stimulating picture of Modernism seen as a movement of the 20th century, a broad spectrum of work across many countries, we must explore its diversity. Portuguese Modernism manifested itself both in visual art and in literature and made a vigorous contribution to this time of profound cultural change. Indeed, the sociocultural transformations that marked the early 20th century in Portugal are still current. This volume provides a critical guide for students and teachers, contributed by an array of scholars with unparalleled knowledge of the period, its artists and its writers. Steffen Dix is Research Fellow at the Institute of Social Science, University of Lisbon. Jeronimo Pizarro is Research Fellow at the Linguistics Centre, University of Lisbon.

Embodying Pessoa Anna Klobucka, Mark Sabine, 2007-12-15 The multifaceted and labyrinthine oeuvre of the Portuguese poet Fernando Pessoa 1888-1935 is distinguished by having been written and published under more than seventy different names. These were not mere pseudonyms but what Pessoa termed heteronyms, fully realized identities possessed not only of wildly divergent writing styles and opinions but also of detailed biographies. In many cases, their independent existences extended to their publication of letters and critical readings of each other's works and those of Pessoa himself. Long acclaimed in continental Europe and Latin America as a towering presence in literary modernism, Pessoa has more recently begun to receive the attention of an English-speaking public. *Embodying Pessoa* responds to this new growth of interest. The collection's twelve essays preceded

by a general introduction and grouped into four themed sections apply a range of current interpretative models both to the more familiar canon of Pessoa's output and to less familiar texts in many cases only recently published. As a whole this work diverges from traditional Pessoa criticism by testifying to the importance of corporeal physicality in his heteronymous experiment and to the prominence of representations of gendered sexuality in his work. The Portuguese-Speaking Diaspora Darlene J. Sadlier, 2016-11-15 The imperial diaspora The Lusophone African diaspora Oriental imaginings and travel at the turn of the twentieth century Into the wilderness the race for Africa and the promise of Brazil The Casa dos Estudantes do Império and mensagem A Lusotropicalist tourist and soldiers East Indians and Cape Verdeans on the move War in Africa and the global economy leaving home and returning Epilogue the Portuguese speaking diaspora and Lusofonia
