Against The Idols Of The Age:

The Idol in the Age of Art Rebecca Zorach, 2017-07-05 After 1500 as Catholic Europe fragmented into warring sects evidence of a pagan past came newly into view and travelers to distant places encountered deeply unfamiliar visual cultures it became ever more pressing to distinguish between the sacred image and its opposite the idol Historians and philosophers have long attended to Reformation charges of idolatry the premise for image breaking but only very recently have scholars begun to consider the ways that the idol occasioned the making no less than the destruction The present book focuses on how idols and ideas about them matter for the history of early modern objects produced around the globe especially those created in the context of an exchange or confrontation between an us and a them Ranging widely within the early modern period the volume contributes to the project of globalizing the study of European art bringing the continent's commercial colonial antiquarian and religious histories into dialogue Its studies of crosses statues on columns wax ex votos ivories prints maps manuscripts fountains banners and New World gold all frame Western art simultaneously as an idea and as a collection of real things arguing that it was through the idol that object makers and writers came to terms with what it was that art should be and do

Against the Idols of the Age David Stove, 2017-07-05 Little known outside his native Australia David Stove was one of the most illuminating and brilliant philosophical essayists of the postwar era A fearless tacker of intellectual and cultural orthodoxies Stove left powerful critiques of scientific irrationalism Darwinian theories of human behavior and philosophical idealism He was also an occasional essayist of considerable charm and polemical snap Stove's writing is both rigorous and immensely readable It is in the words of Roger Kimball an invigorating blend of analytic lucidity mordant humor and an amount of common sense too great to be called common **Against the Idols of the Age** brings together a representative selection of Stove's writing and is an ideal introduction to his work The book opens with some of Stove's most important attacks on irrationalism in the philosophy of science He exposes the roots of this fashionable attitude tracing it through writers like Paul Feyerabend and Thomas Kuhn to Karl Popper Stove was a born controversialist so it is not surprising that when he turned his attention to contemporary affairs he said things that are politically incorrect The topical essays that make up the second part of the book show Stove at his most withering and combative Whether the subject is race feminism the Enlightenment or the demand for non-coercive philosophy Stove is on the mark with a battery of impressive arguments expressed in sharp uncompromising prose **Against the Idols of the Age** concludes with a generous sampling of his blistering attacks on Darwinism David Stove's writings are an undiscovered treasure Although readers may disagree with some of his opinions they will find it difficult to dismiss his razor sharp arguments **Against the Idols of the Age** is the first book to make the full range of this important thinker available to the general reader

Confronting the Idols of Our Age Thomas P. Power, 2017-02-20 An idol is a good thing It is good because God created it Nothing exists that God did not create and God created all things good So sex can be an idol but before it was an idol it was a good creation of God Materialism is

an idol but to have a material world was God's idea in the first place Workaholism is an idol but work is itself a good gift of God What turns these good gifts of God into idols is what we have done with them So we have common forms of idolatry expressed in consumerism individualism narcissism careerism and hedonism while there are less familiar expressions found in omnism fatalism Gnosticism relativism positivism and reductionism We have put these and other things on a pedestal and made them into mini gods In the end they fail to deliver what they promise These twelve mediations on a scriptural passage by faculty members of Wycliffe College Toronto emphasize that the good news is that God can redeem idols Each one can be restored to its proper place in God's created order and placed under God's authority Paul Against the Idols Flavien Pardigon, 2019-02-01 The story of Paul's visit to the city of Athens with its speech delivered before the Areopagus council is one of the best known and most celebrated passages of the Acts of the Apostles Being the only complete example of an apostolic address to pure pagans recorded it has consistently attracted the attention of historians biblical scholars theologians missionaries apologists artists and believers over the centuries Interpretations of the pericope are many and variegated with opinions ranging from deeming the speech to be a foreign body in the New Testament to acclaiming it as the ideal model of translation of the Christian kerygma into a foreign idiom At the heart of the debate is whether the various parts of the speech must be understood as Hellenistic or biblical in nature or both Paul Against the Idols defends and develops an integrated contextual study of the episode Reading the story in its Lukan theological intertextual narrative linguistic and historical context enables an interpretation that accounts for its apparent ambivalence This book thus contributes to the ongoing hermeneutical and exegetical scholarly discussions surrounding this locus classicus and suggests ways in which it can contribute to a Christian theology of religions and missiology **Biblical Eschatology** Jeong Koo Jeon, 2021-10-01 Jeon's Biblical Eschatology explores the pattern of covenant eschatology demonstrated and revealed in the Bible throughout redemptive history In a sense it is a revolutionary method to freshly examine and look at the entire redemptive history from the perspective of covenant eschatology because the Bible itself is the covenantal canon Readers will marvel at how the author unpacks the pictorial pattern of covenant eschatology progressively revealed in the Bible As we live in the Global Mission Age under the grace of God it is vitally important and necessary to have a proper view of eschatology Jeon's book will guide believers to a biblically balanced understanding of eschatology and properly equip them with a biblical covenantal and eschatological worldview to live their lives for the glory of God actively participating in the Global Mission under the guidance of the Holy Spirit as we eagerly wait for the second coming of Jesus Christ Against the Idols of the Age David Stove, Roger Kimball, 2001-01 Service of the Engine is a common local Chichewa English expression in the Malawian fishing village where the author did her fieldwork It refers to the practice of taking various pills known locally as Ciba in order to prevent and cure diseases associated with sex This study explores the sensitive interface between the use of pharmaceuticals available through an extensive informal distribution system and self treatment of sex related diseases The

author examines morally sensitive situations in which men and women opt for Ciba and evaluates its efficacy or effectiveness. The discussion not only covers physical and metaphorical aspects of efficacy but also the possible social and moral effects of medication. It offers a fresh and empirically grounded perspective on the links between efficacy, sex-related diseases and moralities.
