Democratizing Innovation Eric Von Hippel, 2006-02-17 The process of user centered innovation how it can benefit both users and manufacturers and how its emergence will bring changes in business models and in public policy Innovation is rapidly becoming democratized Users aided by improvements in computer and communications technology increasingly can develop their own new products and services These innovating users both individuals and firms often freely share their innovations with others creating user innovation communities and a rich intellectual commons In Democratizing Innovation Eric von Hippel looks closely at this emerging system of user centered innovation He explains why and when users find it profitable to develop new products and services for themselves and why it often pays users to reveal their innovations freely for the use of all The trend toward democratized innovation can be seen in software and information products most notably in the free and open source software movement but also in physical products Von Hippel s many examples of user innovation in action range from surgical equipment to surfboards to software security features He shows that product and service development is concentrated among lead users who are ahead on marketplace trends and whose innovations are often commercially attractive Von Hippel argues that manufacturers should redesign their innovation processes and that they should systematically seek out innovations developed by users He points to businesses the custom semiconductor industry is

one example that have learned to assist user innovators by providing them with toolkits for developing new products User innovation has a positive impact on social welfare and von Hippel proposes that government policies including R D subsidies and tax credits should be realigned to eliminate biases against it The goal of a democratized user centered innovation system says von Hippel is well worth striving for An electronic version of this book is available under a Creative Commons license
