 during the days of the Roman Empire allowing us to tangibly plan our day and set in stone what we want to accomplish There
 are countless apps and organizational systems promising to help us straighten out our lives but often they only add to the

 Celebrate tiny wins Feel calmer every day By physically writing down our tasks on a single piece of paper we force ourselves
 to be realistic and limit how much we can do in a day Too often we cram our day with tasks and chores and leave almost no
 space for self care or time with loved ones We end up disappointed in our inability to complete our never ending to do list
