Words of Ecstasy in Sufism Carl W. Ernst, 1985-06-30 This is the first in depth study in English of the import and impact of ecstatic utterances shathiyat in classical Islamic mysticism It makes available an important body of mystical aphorisms and reveals not only the significance of these sayings in the Sufi tradition but also explains their controversial impact on Islamic law and society This study describes the development and interpretation of shathiyat in classical Sufism and analyzes the principal themes and rhetorical styles of these sayings using as a basis the authoritative Commentary on Ecstatic Sayings by Ruzbihan Baqli of Shiraz The special topic of mystical faith and infidelity receives particular emphasis as a type of ecstatic expression that self reflectively meditates on the inadequacy of language to describe mystical experience The social impact of ecstatic sayings is clarified by an analysis of the political causes of Sufi heresy trials Nuri Hallaj and Ayn al Qudat and the later elaboration of Sufi martyrologies This study also examines the attitudes of Islamic legal scholars toward shathiyat and concludes with a comparison of Sufi ecstatic expressions with other types of inspired speech

The Call of the Mourning Dove Stephanie Rutt, 2019-05-20 Spiritual seekers across faith traditions share a fierce yearning for mystical unity with their God While beliefs and practices differ what ignites the human heart to quest for the mystical the unknowable the holy just beyond understanding is the same The Call of the Mourning Dove How Sacred Sound Awakens Mystical Unity offers a new paradigm the Sonic Trilogy of Love that details how sacred sound embedded in the ancient canons across faith traditions creates just such a portal into this unmitigated experience of God Because the experience is ubiquitous across faith traditions it does not matter whether a seeker has embarked on an eclectic quest for God or remains deeply committed to questing within one particular faith tradition All seekers known as Lovers within the Trilogy discover that by intoning the sacred sounds the Love embedded in the ancient languages the conditions are set to experience unity with God the Beloved This unity occurs in unforeseen moments as love the core organizing principle of the Trilogy circles in on itself dissolving all distinctions leaving the Lover filled with only the silent wonder of God And graciously nothing is the same

Living the Prayer of Jesus Stephanie Rutt, 2019-11-18 This little book with a big message will completely transform your understanding of what Jesus meant when he answered the request Lord teach us to pray He answered by reciting what we now have come to know as the Lord's Prayer in the common language of

his day Aramaic Within these short pages you will journey back to hear the original words for yourself and in doing so will receive the true essence of Jesus message regarding how we should pray You will receive the expanded meanings and reach new depths in understanding But rest assured this is only the beginning For just as the early disciples discovered reciting the prayer in Aramaic ignites a spark a spark that awakens a remembrance of our innate divinity as children of the living God And as this remembrance begins to resound in the silent chambers of the heart the prayer begins to inform every aspect of daily life Nothing is the same We have been set afire by love everlasting and left undone and can only release our own involuntary ecstatic cry This is what it means to pray
