Positive Psychology Shane J. Lopez,2008-08-30 Positive psychology is a movement that emphasizes what is right with people rather than what is wrong with them Most of psychology tends to focus on negatives and mental illness Positive psychology is an attempt to redress the balance and focus on the positive aspects of life human strengths and virtues that are found in the happiest people Positive psychology development programs are becoming commonplace in businesses schools and places of worship Social scientists have learned more about how people respond to emotional experiences in productive ways They now know more than they once did about curbing the effects of negative emotions about making the most of positive emotions and about how these practices lead to positive life outcomes Given these discoveries this set addresses the strengths emotions positive growth and human flourishing of positive psychology The essays expose the reader to the psychological findings that will shape positive psychology for decades to come Each chapter is written with the goal of bringing research in positive psychology to life for the reader The real world implications of scholarship are communicated via anecdotes and case studies

Positive Psychology Shane J. Lopez,2008

Positive Psychotherapy Dr. Monalisa Nayak,2025-05-12 Positive Psychotherapy Integrating Positive Psychology into Psychotherapy for Lasting Change edited by Dr Monalisa Nayak and Mohammed Nisar is an attempt to concisely yet insightfully explore different therapeutic approaches This book is intended to be of benefit to students practitioners and enthusiasts alike by exploring evidence based techniques and practical applications that can promote good mental well being Sincerest gratitude to the students who contributed and whose support and curiosity have been a constant source of

inspiration for this endeavor High Performance Coach Diploma - City of London College of Economics - 3 months - 100% online / self-paced City of London College of Economics, Overview If you want to learn how to help clients in achieving a specific personal or professional goal by providing training and guidance then this course is for you In this diploma course you will learn several kinds of coaching approaches such as The Psychodynamic Approach The Cognitive behavioural Approach The NLP Approach as well as others to become a professional coach The study material has been written by leading international authors each chapter of the book makes explicit links between theory and practice with questions and case studies facilitating further reflection on the topic Content There are three parts you have to deal with Part 1 explores the theoretical traditions underpinning coaching such as cognitive behavioural gestalt and existential Part 2 covers applied contexts formats or types of coaching such as developmental life executive peer team and career coaching Part 3 focuses on professional issues that impact on the coach such as ethics supervision continuing professional development standards and mental health issues Duration 3 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we will send you the assignment questions Study material The study material will be provided in separate files by email download link *The Complete Handbook of Coaching* Elaine Cox,Tatiana Bachkirova,David Clutterbuck,2010 This comprehensive guide to coaching explores a full variety of coaching theories approaches and settings and offers strategies for the reader to identify and develop a personal style of coaching Written by leading international authors each chapter makes explicit links between theory and practice and generic questions will facilitate further reflection on the topic There are also suggestions for reading and short case studies This is the first book to explore the differences between the theoretical perspectives of coaching and the links between these perspectives in relation to contexts genres and media of coaching *The Happiness Advantage* Shawn Achor,2018-06-05 INTERNATIONAL BESTSELLER An engaging deeply researched guide to flourishing in a world of increasing stress and negativity the inspiration for one of the most popular TED Talks of all time Powerful and charming A book for just about anyone The philosophies in this book are easily the best wire frames to build a happy and successful life Medium Happiness is not the belief that we don't need to change it is the realization that we can Our most commonly held formula for success is broken Conventional wisdom holds that once we succeed we will be happy that once we get that great job win that next promotion lose those five pounds happiness will follow But the science reveals this formula to be backward Happiness fuels success not the other way around Research shows that happy employees are more productive more creative and better problem solvers than their unhappy peers And positive people are significantly healthier and less stressed and enjoy deeper social interaction than the less positive people around them Drawing on original research including one of the largest studies of happiness ever conducted and work in boardrooms and classrooms across forty two countries Shawn Achor shows us how to rewire our brains for positivity and optimism to reap the happiness advantage in our lives our careers and even our health

His strategies include The Tetris Effect how to retrain our brains to spot patterns of possibility so we can see and seize opportunities all around us Social Investment how to earn the dividends of a strong social support network The Ripple Effect how to spread positive change within our teams companies and families By turns fascinating hopeful and timely The Happiness Advantage reveals how small shifts in our mind set and habits can produce big gains at work at home and elsewhere
