An Encyclopedia of Beliefs, Customs, Tales, Music, and Art, Charlie T. McCormick Ph.D., Kim Kennedy

White, 2010-12-13 Written by an international team of acclaimed folklorists this reference text provides a cross cultural survey of the major types and methods of inquiry in folklore Did you know that the tale of Cinderella is over 1 000 years old and similar versions of this singular story exist in hundreds of cultures around the globe Have you heard of deathlore a subgenre of folklore involving tombstones coffins cemeteries and roadside memorial shrines Did you realize that UFO sightings and cyber cultures constitute modern folklore The broad field of folklore studies developed over the past two centuries provides significant insights into many aspects of human culture While the term folklore conjures images of ancient practices and beliefs or folk heroes and traditional stories it also applies to today's ever changing cultural landscape Even certain aspects of modern Internet based popular culture and contemporary rites of passage represent folklore This encyclopedia covers all the major genres of both ancient and contemporary folklore This second edition adds more than 100 entries that examine the folklore practices of major ethnic groups folk heroes creatures of myth and legend and emerging areas of interest in folklore studies Southern Folklore, 1992 **Folklore in the United States and Canada** Patricia Sawin, Rosemary Lévy Zumwalt, 2020-10-06 Drawing on archives and oral histories a detailed account of graduate folklore programs in American and Canadian academic institutions To ensure continuity and foster innovation within the discipline of folklore we must know what came before Folklore in the United States and Canada is an essential guide to the history and development of graduate folklore programs throughout the United States and Canada As the first history of folklore studies since the mid 1980s this book offers a long overdue look into the development of the earliest programs and the novel directions of more recent programs The volume is encyclopedic in its coverage and is organized chronologically based on the approximate founding date of each program Drawing extensively on archival sources oral histories and personal experience the contributors explore the key individuals and central events in folklore programs at US and Canadian academic institutions and demonstrate how these programs have been shaped within broader cultural and historical contexts Revealing the origins of graduate folklore programs as well as their accomplishments challenges and connections Folklore in the United States and Canada is an essential read for all folklorists and those who are studying to become folklorists **The Grace of Four Moons** Pravina Shukla, 2015-10-16 Because clothing food and shelter are basic human needs they provide excellent entries to cultural values and individual aesthetics Everyone gets dressed every day but body art has not received the attention it deserves as the most common and universal of material expressions of culture The Grace of Four Moons aims to document the clothing decisions made by ordinary people in their everyday lives Based on fieldwork conducted primarily in the city of Banaras India Pravina Shukla conceptualizes and realizes a total model for the study of body art understood as all aesthetic modifications and supplementations to the body Shukla urges the study of the entire process of body art from the assembly of raw materials and the manufacture of objects through their sale and the interactions between merchants and

consumers to the consumer's use of objects in creating personal decoration Wobblies, Pile Butts, and Other Heroes
Archie Green, 1993 In this culmination of his half century of involvement with American workers and their traditions Archie Green explores occupational expression stories songs customs beliefs artifacts on the job and in institutions such as trade unions Combining ethnographic description with analysis drawn from folklore history literary criticism art history linguistics and philosophy Green presents ten case studies in which he reflects on single words as social texts Wobbly fink and clustered words within anecdotes tales and ballads John Henry Homestead's strike songs job yarns about cuckoldry and sexual impotence and pile driving traditions for example Drawing on Green's own experience as a shipwright and carpenter the book will appeal both to workers curious about their history and traditions and to academicians who study the workforce and labor process
