Perone, 2001-08-30 Offering the widest scope of any study of one of popular music s most important eras Songs of the Vietnam Conflict treats both anti war and pro government songs of the 1960s and early 1970s from widely known selections such as Give Peace a Chance and Blowin in the Wind to a variety of more obscure works These are songs that permeated the culture through both recordings and performances at political gatherings and concerts alike and James Perone explores the complex relationship between music and the society in

which it is written This music is not merely an indicator of the development of the American popular song it both reflected and shaped the attitudes of all who were exposed to it Whereas in previous wars musicians rallied behind the government in the way of Aaron Copland and Samuel Barber the Vietnam conflict provoked anger frustration and rage all of which comes through in the songs of the time This reference work provides indispensable coverage of this phenomenon in chapters devoted to Anti War Songs Pro Government Songs and what might be called Plight of the Soldier or Veteran songs A selected discography guides the reader to the most notable recordings all of which together provide a unique and important perspective on perhaps the 20th century s most contentious time **Worms Drowning in the Rain** Thomas
