A Collection Of Sermons From Zinzendorfs Pennsylvania Journey:

A Collection of Sermons from Zinzendorf's Pennsylvania Journey, 1741-42 Nicolaus Ludwig Graf von Zinzendorf, 2001-01

In the early 1740s one of the most controversial religious figures of Europe made a visit to America. Count Zinzendorf's sermons, hymns, mission activities and new approach to building Christian communities had already inspired thousands in Europe. He brought his ecumenical theology of the heart to the German speaking population of Pennsylvania but immediately found himself embroiled in controversy. This is a selection of the sermons he preached during his sojourn in Pennsylvania. In them we see the main themes of Zinzendorf's heart religion and theology of the cross themes that continue to speak in the midst of our own controversial times.

Jesus Is Female Aaron Spencer Fogleman, 2014-10-31 In the middle of the Great Awakening a group of religious radicals called Moravians came to North America from Germany to pursue ambitious missionary goals. How did the Protestant establishment react to the efforts of this group which allowed women to preach, practiced alternative forms of marriage, sex and family life and believed Jesus could be female? Aaron Spencer Fogleman explains how these views as well as the Moravians' missionary successes provoked a vigorous response by Protestant authorities on both sides of the Atlantic. Based on documents in German, Dutch and English from the Old World and the New, *Jesus Is Female* chronicles the religious violence that erupted in many German and Swedish communities in colonial America as colonists fought over whether to accept the Moravians and suggests that gender issues were at the heart of the raging conflict. Colonists fought over the feminine ecumenical religious order offered by the Moravians and the patriarchal confessional order offered by Lutheran and Reformed clergy. This episode reveals both the potential and the limits of radical religion in early America. Though religious nonconformity persisted despite the repression of the Moravians and though America remained a refuge for such groups, those who challenged the cultural order in their religious beliefs and practices would not escape persecution. *Jesus Is Female* traces the role of gender in eighteenth century religious conflict back to the European Reformation and the beginnings of Protestantism. This transatlantic approach heightens our understanding of American developments and allows for a better understanding of what occurred when religious freedom in a colonial setting led to radical challenges to tradition and social order.

Community of the Cross Craig D. Atwood, 2010-11-01 Bethlehem, Pennsylvania was a unique colonial town. It was the first permanent outpost of the Moravians in North America and served as the headquarters for their extensive missionary efforts. It was also one of the most successful communal societies in American history. Bethlehem was founded as a congregation of the cross where all aspects of personal and social life were subordinated to the religious ideal of the community. In *Community of the Cross*, Craig D. Atwood offers a convincing portrait of Bethlehem and its religion. Visitors to Bethlehem such as Benjamin Franklin remarked on the orderly and peaceful nature of life in the community, its impressive architecture and its high culture. However, many non-Moravians were embarrassed or even offended by the social and devotional life of the Moravians. The adoration of the crucified Jesus, especially his wounds, was the

focus of intense devotion for adults and children alike Moravians worshiped the Holy Spirit as Mother and they made the mystical marriage to Christ central to their marital intimacy Everything even family life was to be a form of worship Atwood reveals the deep connection between life in Bethlehem and the religious symbolism of controversial German theologian Nicholas von Zinzendorf whose provocative and erotic adoration of the wounds of Jesus was an essential part of private and communal life Using the theories of Ren Girard Mary Douglas and Victor Turner Atwood shows that it was the Moravians liturgy and devotion that united the community and inspired both its unique social structure and its missionary efforts

Preaching, Sermon and Cultural Change in the Long Eighteenth Century Joris Van Eijnatten, 2009 This study offers a broad outline of the history of the eighteenth century sermon Thematically it provides an overview of the research over the past three decades as well as suggesting new approaches to the history of preaching *The Letters of Mary Penry* Scott Paul Gordon, 2018-07-03 In *The Letters of Mary Penry* Scott Paul Gordon provides unprecedented access to the intimate world of a Moravian single sister This vast collection of letters compiled transcribed and annotated by Gordon introduces readers to an unmarried woman who worked worshiped and wrote about her experience living in Moravian religious communities at the time of the American Revolution and early republic Penry a Welsh immigrant and a convert to the Moravian faith was well connected in both the international Moravian community and the state of Pennsylvania She counted among her acquaintances Elizabeth Sandwith Drinker and Hannah Callender Sansom two American women whose writings have also been preserved in addition to members of some of the most prominent families in Philadelphia such as the Shippens the Franklins and the Rushes This collection brings together more than seventy of Penry's letters few of which have been previously published Gordon's introduction provides a useful context for understanding the letters and the unique woman who wrote them This collection of Penry's letters broadens perspectives on early America and the eighteenth century Moravian Church by providing a sustained look at the spiritual and social life of a single woman at a time when singleness was extraordinarily rare It also makes an important contribution to the recovery of women's voices in early America amplifying views on politics religion and social networks from a time when few women's perspectives on these subjects have been preserved

Muhlenberg's Ministerium, Ben Franklin's Deism, and the Churches of the 21st Century John Reumann, 2011-08 Special volume celebrating a 250 year old American church body In 1748 six Lutheran pastors and laity from ten congregations gathered in Philadelphia under German missionary pastor Henry Melchior Muhlenberg to form the Ministerium of Pennsylvania the first Lutheran church body in North America These early American Lutherans stood at the crossroads of Lutheran orthodoxy pietism and rationalism as they faced the very new very American challenge of forging a missional confessional identity within their increasingly pluralistic and multi religious society Now more than 250 years later this choice selection of essays addresses and other pieces celebrates the ongoing legacy of the Ministerium and will allow churches in the twenty first century to glean new wisdom from a pioneering colonial church body **The Oxford**
