

Civil disobedience becomes a sacred duty
when the state has become lawless or
corrupt. And a citizen who barterers with such a
state shares in its corruption and lawlessness.

A State Of Disobedience

Rex Martin

A State Of Disobedience:

A State of Disobedience Tom Kratman, 2003-12-01 It s Time to Remember the Alamo All Over Again In the long war against terrorism the US Government had taken on extraordinary powers And now that the war was won powerful forces in the government had no intention of relinquishing those powers As in 1860 the country was on the verge of civil war And as in 1860 a leader arose to save the country but it was not the President this time Instead the Governor of Texas was the woman of destiny And though the Federal Government had more guns and troops David was about to give Goliath a run for his money At the publisher s request this title is sold without DRM Digital Rights Management Probably the most realistic depiction of a second American Revolution ever written John Ringo *A System of Rights* Rex Martin, 1993 The justification of political authority is one of the long standing issues of political philosophy and one which persistently defies satisfactory solution This book sets out to provide an original justification by establishing a background framework for dealing with this problem The model political system that emerges is one in which certain kinds of political rights are emphasized Rex Martin then discusses what the implications of such a system might be for democratic institutions political allegiance punishment and ultimately for the nature of political authority itself **The Spiritual Mustard Pot: Containing a Demonstration of the Existence of God. Answers to Three Objections to the Divine Origin of the Scriptures. And, an Essay on the Origin of Religion.
