The International Interpreter Frederick Dixon, 1924 *Soviet Criminal Justice Under Stalin* Peter H. Solomon, 1996-10-28

Soviet Criminal Justice under Stalin first published in 1997 is a comprehensive account of Stalin's struggle to make criminal law in the USSR a reliable instrument of rule. Using recently declassified archives, Peter Solomon tells the revealing story of non-political justice on the local scene as well as in the center. Contrary to conventional wisdom, Solomon emphasizes the initial weakness of the Soviet state and the limits of Stalin's capacity to rule. Solomon's study also offers new perspectives on collectivization, the Great Terror, the politics of abortion, and the disciplining of the labour force. This book should appeal to anyone interested in the political, social, or legal history of the USSR, judicial reform in post-Soviet states, law in authoritarian regimes, or comparative legal development.

The Justice of the King Hamilton Drummond, 1911

Perfect Justice Tony Coleman, 2021-10-27

The Primm, an alien race from the other side of the galaxy. Both the males and females of the species are beautiful, erotic, and physically irresistible to any one in their presence. Their civilization is a hive-mind culture of queens and drones that thrive and procreate by consuming life in all its forms. Taralorians are ancient enemies of the Primm Empire. They are a coalition of various species working together as planet builders and creators of star systems. Centuries ago, Primm agents uncovered news of a lone planet in the uncharted Alpha quadrant with billions of new genetic prospects available, rich with diversity and high-grade genetic versatility. New life, ripe and ready for harvesting. Taralorians discovered the Primm's presence on Earth and the savagery, suffering, plagues, and feedings the various hives brought with them. Taralor sent one Taran to stop the evil and conquer Earth for the Taralorian Empire. Despite his advanced technology, super-intelligence, and physical skills, one lone man has no chance to take out such a daunting threat. He seeks help from the most unlikely sources, imaginable, and creates a powerful weapon against the most alluring evil mankind has ever encountered. A new war will be waged with the unlikeliest crew ever assembled; the evil they face is absolute, and the laws of men do not apply. Sing Iman is about to drop Omega quadrant justice on those who would feed on mankind. Hinduism and Buddhism describe karma as a force generated by a person's actions, which perpetuates transmigration that determines their destiny. Karma makes friends with no one but garners plenty of die-hard fans. Lord Iman will bring karma to Earth, and karma is the Perfect Justice.

Report on the Administration of Criminal Justice in Burma Burma. Judicial Department, 1927 *Constitutional Life and Europe's Area of Freedom, Security and Justice* Alun Howard Gibbs, 2016-05-23

The challenge of thinking about the place of

constitutionalism beyond the conventional categories of the nation state has become a principal concern for legal and political scholars. This book casts this issue in a different light by exploring the implications for the constitutionalism of legal integration in the European Union's area of freedom, security and justice. In doing so, it makes a novel contribution to an understanding of the European Union as a political community beyond the state, but in addition explores how this entails thinking differently about what is essential concerning constitutionalism. The book argues that instead of seeking to theorise constitutional foundations, we actually begin to encounter the constitutional life implied by political and legal practices in the European Union, and as exemplified here by the area of freedom, security and justice.
