American Politics And Its Interpreters

**Jeffrey Schultz, John G. West, Iain
Maclean**

American Politics And Its Interpreters:

American Politics and Its Interpreters Louis C. Reichman, 1971 *Stephen King and American Politics* Michael J. Blouin, 2021-01-01 This is the very first study dedicated exclusively to politics in Stephen King's fiction. It is a window into the turbulent political climate of the U.S. today via popular culture. It is an exciting conversation between major political theorists and America's most popular purveyor of horror.

Ronald Reagan The Movie Michael Rogin, 1988-07-15 The fear of the subversive has governed American politics from the racial conflicts of the early republic to the Hollywood anti-Communism of Ronald Reagan. Political monsters: the Indian cannibal, the black rapist, the demon rum, the bomb-throwing anarchist, the many-tentacled Communist conspiracy, the agents of international terrorism are familiar figures in the dream life that so often dominates American political consciousness. What are the meanings and sources of these demons? Why does the American political imagination conjure them up? Michael Rogin answers these questions by examining the American countersubversive tradition.

Encyclopedia of Religion in American Politics Jeffrey Schultz, John G. West, Iain Maclean, 1998-12-14 Today such issues as abortion, capital punishment, sex education, racism, prayer in public schools, and family values keep religion and politics closely entwined in American public life. This encyclopedia is an A to Z listing of a broad range of topics related to religious issues and politics, ranging from the religious freedom sought by the Pilgrims in the 1620s to the rise of the religious right in the 1980s.

Liberalism and the Emergence of American Political Science Robert Adcock, 2014-03-10 Winner of the 2015 Award for Concept Analysis in Political Science. American political science has been widely but loosely identified as a liberal science. Robert Adcock clarifies the place of American political science within the liberal tradition by situating its origins in relation to the transatlantic history of liberalism. The pioneers of American political science participated in transatlantic networks of intellectual and political elites that connected them directly to the evolution of liberalism in Europe. This book shows how these figures adapted multiple European liberal arguments to speak to particular challenges of mass democratic politics and large-scale industry as they developed in America. Political science's pioneers in the American academy were thus active agents of the Americanization of liberalism. In charting the emergence of American political science, Adcock shows how a distinct current of mid-nineteenth-century European liberalism was transformed into two alternative twentieth-century American liberalisms. When political science first secured a niche in America's antebellum academy, it advanced a democratized classical liberal vision that overlapped with the contemporary European liberalism of Tocqueville and John Stuart Mill. As political science expanded during the dramatic growth of universities in the Gilded Age, controversy and cleavage within liberalism came to the fore in the area of political economy. During the late nineteenth century, this cleavage was fleshed out into the alternative analyses of democracy and the administrative state advanced by two divergent liberal political visions: progressive liberalism and disenchanted classical liberalism. Both visions found expression among the early leaders of the new American Political Science Association, founded in 1903, and in turn within the

fierce contest over the meaning of liberalism as this term entered American political discourse from the mid 1910s on The history of American political science allows us to see how a distinct current of mid nineteenth century European liberalism was transformed into alternative twentieth century American liberalisms [The Continuing Struggle For Democracy In Latin America](#) Howard J. Wiarda, 2019-06-18 This integrated collection of original essays evaluates and assesses whether democracy is viable in Latin America and if so how and in what form The authors examine the significance for both Latin America and the United States of the dominance of authoritarian political systems in most Latin American countries explore the implications of asse **The Routledge Handbook of Political Communication in Ibero-America** Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-31 The Routledge Handbook of Political Communication in Ibero America addresses the relationship between communication politics and digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects In recent years digital media have been central in the dialogue established by political parties institutions the media and citizens In this hybrid space emerged certain phenomena that are of interest particularly in the Ibero American landscape including disinformation and fake news protests on social media the organization of social movements the relationship between the press and the state political participation populism the role played by emotions and memes the impact of AI and platformization on politics and topics of debate in the public sphere This Handbook is structured into nine parts beginning with a historical contextualization and then exploring central aspects of the discipline It then goes on to study trends at the regional level increasing knowledge about how political communication and digital technologies are changing multiple aspects of Ibero American societies where political communication plays a fundamental role especially in electoral processes with its consequent effects on democracy This Handbook will be of interest to academics students and professionals in the fields of political science communication journalism advertising marketing and sociology as well as public opinion consulting It will be of particular interest to undergraduate and postgraduate students from Latin America Portugal and Spain **The Democratic Soul** Wilson Carey McWilliams, 2011-06-30 Collected works by the acclaimed political scientist showcasing his thoughts on education religion literature as well as twentieth century figures In 1973 Wilson Carey McWilliams 1933 2005 published *The Idea of Fraternity in America* a groundbreaking book that argued for an alternative to America s dominant philosophy of liberalism This alternative tradition emphasized that community and fraternal bonds were as vital to the process of maintaining political liberty as was individual liberty McWilliams expanded on this idea throughout his prolific career as a teacher writer and activist promoting a unique definition of American democracy In *The Democratic Soul* A Wilson Carey McWilliams Reader editors Patrick J Deneen and Susan J McWilliams daughter of the famed intellectual have assembled key essays articles reviews and lectures that trace McWilliams s evolution as a scholar and explain his often controversial views on education religion and literature The book also showcases his thoughts and opinions on prominent twentieth century figures such as

George Orwell and Leo Strauss The first comprehensive volume of Wilson Carey McWilliams collected writings *The Democratic Soul* will be welcomed by scholars of political science and American political thought as a long overdue contribution to the field Wilson Carey McWilliams was a seer a small d democrat an artist who valued eloquent prose and one of his era s shrewdest students of American politics May this collection of some of his very best work introduce him to a new generation eager for a vision that is at once progressive communitarian and deeply grounded in the realities of American history McWilliams brought not only deep knowledge to his work but also wisdom compassion and a stubborn prophet s sense of what is right what is just and what is good E J Dionne author of *Why Americans Hate Politics* A treasury of thoughts and arguments from articles of the late Carey McWilliams All are still timely still relevant to American politics today Political philosophy as he practiced it never goes out of style How his keen eye and sturdy wisdom are missed Harvey Mansfield professor of Government Harvard University In addition to his work on the Founding McWilliams was committed to writing and teaching about contemporary politics No one was better at presenting to students the entirety of American political thought as a single phenomenon linking past and present a long story with a known beginning but an unknown end These qualities come through very clearly in this collection of his essays Dennis Hale professor of political science Boston College

Interpreting Congressional Elections Jeffrey M. Stonecash, 2018-06-12 The increase in the incumbency effect has long dominated as a research focus and as a framework for interpreting congressional elections This important new book challenges the empirical claim that incumbents are doing better and the research paradigm that accompanied the claim It also offers an alternative interpretation of House elections since the 1960s In a style that is provocative yet fair learned and transparent Jeffrey Stonecash makes a two pronged argument frameworks and methodologies suffer when they stop being critically considered and patterns of House elections over the long term actually reflect party change and realignment A must read for scholars and students of congressional elections [Reconsidering American Liberalism](#) James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic *The Liberal Tradition in America* He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz s interpretation of American politics Young s treatment of key movements in our history especially Puritanism and republicanism s early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz and most contemporary theorists have allowed The breadth of Young s account is unrivaled *Reconsidering American Liberalism* gives voice not just to Locke Jefferson Hamilton Madison Lincoln and Dewey but also to Rawls Shklar Kateb Wolin and Walzer In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large Young touches upon modern feminism and conservatism multiculturalism postmodernism rights

based liberalism and social democracy Out of these contemporary materials Young synthesizes a new position a smarter and tougher liberalism not just forged from historical materials but reshaped in the rough and tumble of contemporary thought and politics This exceptionally timely study is both a powerful survey of the whole of U S political thought and a trenchant critique of contemporary political debates At a time of acrimony and confusion in our national politics Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point Never without his own opinions Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas Although his book is a substantial contribution to political theory and the history of ideas it is always accessible and lively enough for the informed general reader It is essential reading for anyone who cares about the future of U S political thought or indeed about the future of the country itself

Recognizing the quirk ways to get this ebook **American Politics And Its Interpreters** is additionally useful. You have remained in right site to begin getting this info. acquire the American Politics And Its Interpreters belong to that we give here and check out the link.
