American Power And The New Mandarins

Noam Chomsky

American Power And The New Mandarins:

American Power and the New Mandarins Institute Professor & Professor of Linguistics (Emeritus) Noam Chomsky, Noam Chomsky, 2010-09 Back in print the seminal work by arguably the most important intellectual alive The New York Times American Power and the New Mandarins is Noam Chomsky's first political book widely considered to be among the most cogent and powerful statements against the American war in Vietnam Long out of print this collection of early seminal essays helped to establish Chomsky as a leading critic of United States foreign policy These pages mount a scathing critique of the contradictions of the war and an indictment of the mainstream liberal intellectuals the new mandarins who furnished what Chomsky argued was the necessary ideological cover for the horrors visited on the Vietnamese people As America's foreign entanglements deepen by the month Chomsky's lucid analysis is a sobering reminder of the perils of imperial diplomacy With a new foreword by Howard Zinn author of A People's History of the United States American Power and the New Mandarins is a renewed call for independent analysis of America's role in the world

American Power and the New Mandarins

Noam Chomsky, 1969 Long out of print this collection of seminal essays helped to establish Chomsky as a leading critic of United States foreign policy With a new Foreword by the author of A People's History of the United States this book is a renewed call for independent analysis of America's role in the world

Noam Chomsky Carlos Peregrín Otero, 1994 2 volumes

Chomsky's Challenge to

American Power Anthony F. Greco, 2014-01-15 Noam Chomsky is a pioneering scholar in the field of linguistics but he is better known as a public intellectual an iconoclastic radical critic of US politics and foreign policy Chomsky's Challenge examines most of the major subjects Chomsky has dealt with in his nearly half century of intellectual activism the Vietnam War America's broader international role especially its interventions in the Third World the structure of power in American politics the role of the media and of intellectuals in forming public opinion and American foreign policy in the post Cold War world Chomsky is as controversial as he is influential Admirers see him as a courageous teller of unpleasant truths about political power and those who wield it in the United States Critics view him as a propagandist and ideologue who sees only black and white where there are multiple shades of gray While Chomsky's fans tend to view him uncritically his critics often don't take him seriously Unlike any previous work this book takes Chomsky seriously while treating him critically The author gives Chomsky credit for valuable contributions to our understanding of the contemporary political world but spares no criticism of the serious deficiencies he sees in Chomsky's political analyses

Reconsidering American Power John D.

Kelly, Kurt Jacobsen, Marston H. Morgan, 2019-12-05 Postcolonial studies postmodern studies even posthuman studies emerge and intellectuals demand that social sciences be remade to address fundamentals of the human condition from human rights to global environmental crises Since these fields owe so much to American state sponsorship is it easier to reimagine the

human and the modern than to properly measure the pervasive American influence Reconsidering American Power offers trenchant studies by renowned scholars who reassess the role of the social sciences in the construction and upkeep of the Pax Americana and the influence of Pax Americana on the social sciences With the thematic image for this enterprise as the fiery hunt for Ahab's whale the contributors pursue realities behind the theories and reconsider the real origins and motives of their fields with an eye on what will deter or repurpose the fiery hunts to come by offering a critical insider's view

American Power and the Prospects for International Order Simon Bromley, 2013-04-17 The turn of the century has seen the US greatly enhance its military supremacy across the world It has also played a key role in shaping the international economic order More recently however its world wide economic domination has started to diminish as other regions and countries have become globally important players Simon Bromley brings a fresh perspective to these issues arguing that it is as yet unclear whether the US will be capable of rising to the challenges posed by the new world order He carefully examines the intricacies of these debates including the American ideology of a liberal international order and the relation of this to the Bush doctrine US power in the transatlantic arena and US European integration in relation to the EU and NATO and the geopolitics of oil He looks at a range of challenges to US dominance including the weakening of the dollar the rapid growth and industrialization of Asia and the strengths and weaknesses of Bush's foreign policy This book is set to spark debate amongst students and scholars of international politics as well as appealing to anyone interested in the changing shape of the international order

American power and new mandarins Noam Chomsky, 1969
