Americas Cosmetic Doctors And Dentists A Consumer Guide Castle Connolly Guide

Wendy Lewis, John J. Connolly

Americas Cosmetic Doctors And Dentists A Consumer Guide Castle Connolly Guide:

America's Cosmetic Doctors and Dentists Wendy Lewis, John J. Connolly, 2005 America's Cosmetic Doctors and Dentists is a comprehensive guide to every aspect of cosmetic care and treatment. This guide explains how to identify a qualified physician or dentist who will be the best for your treatment or procedure. It also gives you a detailed overview of the major cosmetic treatments and procedures, what to expect before, during, and after, and includes costs and recovery time. A special CD-ROM is enclosed that allows access to a database of over 6,000 physicians and dentists who are located throughout the United States and who are trained and qualified to deliver cosmetic care. Their credentials have been screened and reviewed by Castle Connolly's physician directed research team. **America's Cosmetic Doctors and Dentists** Wendy Lewis, 2003

The Essential Cosmetic Surgery Companion Robert Kotler, 2005 Prospective cosmetic surgery patients confused by media driven hype and glitz will find a clear road map to selecting the best doctors and the most appropriate and safe procedures in this handy companion. Supplying patients with savvy queries only a veteran cosmetic surgeon would have the insight to ask, the book outlines the seven key questions people must ask themselves before contacting a cosmetic surgeon, a method for quickly eliminating practitioners through screening calls, and the critical questions to ask during the consultation itself. Handy checklists for the most popular procedures, anesthesia, and surgical facilities, anatomical sketches to assist doctors in identifying what they will do and where they will do it, and a comprehensive ratings quiz help patients evaluate which practitioner best suits their needs. Those concerned with the financial aspects of the procedures will find the cost calculation worksheet and directory of companies that finance cosmetic surgery particularly useful. **America's Cosmetic Doctors and Dentists** Wendy Lewis, 2003 There are over thirteen million cosmetic surgical and non-surgical procedures performed in the U.S. each year. There are also hundreds of cases where a patient is disfigured as a result of a non-physician or a physician not properly trained performing these procedures. The Castle Connolly Guide America's Cosmetic Doctors and Dentist will guide consumers in selecting only qualified physicians and dentists for cosmetic care. The narrative portion of the book will describe the various cosmetic procedures and most importantly, who is qualified to perform them. Included in the book will be a CD-ROM containing the professional biographies of more than 6,000 physicians and dentists who are qualified by virtue of their training to perform cosmetic procedures. The bios will include medical school, residency, training, fellowships, hospital privileges, and more. The CD-ROM will provide access to a restricted web site containing the bios. In addition, for many of the physicians and dentists, the CD-ROM will provide a link to their web sites where the prospective patient can learn more about the practice of the physician or dentist and can see actual patient results. America's Cosmetic Doctors and Dentists is a consumer guide, not a who's who, and is researched and published by experienced medical and healthcare professionals. Castle Connolly Guides are designed to help consumers find the best healthcare and are a trusted source of information for thousands of book buyers and web users each year. The company's founders were the chairman and the

president of one of the nation's leading private medical colleges **America's Top Doctors** Castle Connolly Medical
