

American Polity

Jacqueline Jiménez Polanco

American Polity:

Imagining the American Polity John G. Gunnell, 2024-04-01 Traces the history of the concept of democracy in the United States Americans have long prided themselves on living in a country that serves as a beacon of democracy to the world but from the time of the founding they have also engaged in debates over what the criteria for democracy are as they seek to validate their faith in the United States as a democratic regime In this book John G Gunnell shows how the academic discipline of political science has contributed in a major way to this ongoing dialogue thereby playing a significant role in political education and the formulation of popular conceptions of American democracy Gunnell traces the dynamics of conceptual change and continuity as American political science evolved from a focus in the nineteenth century on the idea of the state through the emergence of a pluralist theory of democracy in the 1920s and its transfiguration into liberalism in the mid 1930s up to the rearticulation of pluralist theory in the 1950s and its resurgence yet again in the 1990s Along the way he explores how political scientists have grappled with a fundamental question about popular sovereignty Does democracy require a people and a national democratic community or can the requisites of democracy be achieved through fortuitous social configurations coupled with the design of certain institutional mechanisms **American Politics** Samuel P. Huntington, 2004-02-04 This stunningly persuasive book examines the persistent radical gap between the promise of American ideals and the performance of American politics Samuel P Huntington shows how Americans throughout their history as a nation have been united by the democratic creed of liberty equality and hostility to authority At the same time he reveals how inevitably these ideals have been perennially frustrated through the institutions and hierarchies required to carry on the essential functions of governing a democratic society From this antagonism between the ideals of democracy and the realities of power have risen four great political upheavals in American history Every third generation Huntington argues Americans have tried to reconstruct their institutions to make them more truly reflect deeply rooted national ideals Moving from the clenched fists and mass demonstrations of the 1960s to the moral outrage of the Progressive and Jacksonian Eras back to the creative ideological fervor of the American Revolution he incisively analyzes the dissenters objectives All he pungently writes sought to remove the fundamental disharmony between the reality of government in America and the ideals on which the American nation was founded Huntington predicts that the tension between ideals and institutions is likely to increase in this country in the future And he reminds us that the fate of liberty and democracy abroad is intrinsically linked to the strength of our power in world affairs This brilliant and controversial analysis deserves to rank alongside the works of Tocqueville Bryce and Hofstadter and will become a classic commentary on the meaning of America Imagining the American Polity John G. Gunnell, 2015-09-10 Americans have long prided themselves on living in a country that serves as a beacon of democracy to the world but from the time of the founding they have also engaged in debates over what the criteria for democracy are as they seek to validate their faith in the United States as a democratic regime In this book John Gunnell

shows how the academic discipline of political science has contributed in a major way to this ongoing dialogue thereby playing a significant role in political education and the formulation of popular conceptions of American democracy Using the distinctive internalist approach he has developed for writing intellectual history Gunnell traces the dynamics of conceptual change and continuity as American political science evolved from a focus in the nineteenth century on the idea of the state through the emergence of a pluralist theory of democracy in the 1920s and its transfiguration into liberalism in the mid 1930s up to the rearticulation of pluralist theory in the 1950s and its resurgence yet again in the 1990s Along the way he explores how political scientists have grappled with a fundamental question about popular sovereignty Does democracy require a people and a national democratic community or can the requisites of democracy be achieved through fortuitous social configurations coupled with the design of certain institutional mechanisms

Jews in American Politics Sandy L. Maisel, 2001-09-04 Brings together a complete picture of the past present and future of Jewish political participation Jews in American Politics Louis Sandy Maisel, Ira N. Forman, Donald Altschiller, Charles Walker Bassett, 2004 Joseph Lieberman's Vice Presidential nomination and Presidential candidacy are neither the first nor last words on signal Jewish achievements in American politics Jews have played an important role in American government since the early 1800s at least and in view of the 2004 election there is no political office outside the reach of Jewish American citizens For the first time Jews in American Politics Essays brings together a complete picture of the past present and future of Jewish political participation Perfect for students and scholars alike this monumental work includes thoughtful and original chapters by leading journalists scholars and practitioners Topics range from Jewish leadership and identity to Jews in Congress on the Supreme Court and in presidential administrations and on to Jewish influence in the media the lobbies and in other arenas in which American government operates powerfully if informally In addition to the thematically unified essays Jews in American Politics Essays concludes with an invaluable roster of Jews in key governmental positions from Ambassadorships and Cabinet posts to federal judges state governors and mayors of major cities Both analytical and anecdotal the essays in Jews in American Politics offer deep insight into serious questions about the dilemmas that Jews in public service face as well as humorous sidelights and authoritative reference materials never before collected in one source The story of the rich tradition of Jewish participation in American political life provides an indispensable resource for any serious follower of American politics especially in election year 2004

Keeping the Republic: Power and Citizenship in American Politics, 6th Edition The Essentials Christine Barbour, Gerald C. Wright, 2013-01-15 Keeping the Republic's lively discussion of who gets what and how develops students' critical thinking abilities in the intro American government course Every section and every feature in the book has one goal in mind to get students to think critically and be skeptical of received wisdom Serving as a true aid to teachers each chapter is designed to build students' analytical abilities By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who

want to take an active part in their communities and government to play their part in keeping the republic and to consider the consequences of that engagement

Issues in American Politics John Dumbrell, 2013-08-21 This wide ranging book provides readers with a reliable and lively guide to contemporary American political practices processes and institutions Essays in the proposed volume will cover phenomena such as the Tea Party upsurge in the Republican Party Obama's health care reforms recent changes to campaign funding emanating from the key Citizens United Supreme Court decision US foreign policy after the War on Terror Obama's presidential strategy and issues relating to polarisation and partisanship in US politics This work is essential reading for all students of American Politics and US Foreign Policy

Essentials Of American Politics David McKay, 2018-06-27 Essentials of American Politics is an undergraduate text with a novel analytical and comparative focus It takes as a central theme the increasing tension in American politics between a general philosophy of limited government and particular public demands for more and better government programs and services While this has always been a feature of the American polity recent events have brought it into sharp focus Both a Republican Congress and Democratic president extol the virtues of less government but continue to grapple with demands for improved education health care transportation and almost every other area of social and economic life All praise the virtues of lower taxation and at the same time promise improvements in the quality of public services A similar tension applies in the courts in state politics and indeed throughout the system Recent successes such as a balanced budget have been achieved in part because the limited government philosophy has been on the ascendant and has won support from all shades of political opinion But conflicts over the distributional questions of who gets what has hardly subsided In few other democracies is this tension as well defined as in the United States and Essentials reminds readers of this fact through comparison with democratic processes in other countries and in particular with European countries Essentials weaves this theme into a discussion of American national politics Up to date and well organized chapters are devoted to beliefs and values the Constitution federalism Congress presidency the federal bureaucracy interest groups and the courts Policy chapters include economic social and foreign affairs In all chapters the analytical approach explains to students some of the main controversies in American political science At all times Essentials seeks to impart basic information on American politics in an analytical but stimulating manner Features Concise format of 17 chapters that cover institutions behavior and policy arenas Theme of American's general philosophy of limited government versus our particular demands for expanded government programs and services Rich comparative examples Britain Canada and Mexico versus U S throughout the book's narrative

Dominican American Politics Jacqueline Jiménez Polanco, 2024-05-14 In this book Jacqueline Jim nez Polanco examines the politics of empowerment of Dominican Americans in the United States Covering the first two decades of the twenty first century Jim nez Polanco provides a new analytical perspective to understand the political development of a growing ethnic community that has been historically neglected in the studies of Latino a x political development and whose peculiar characteristics represent

a paradigmatic case that debunks prevailing theories about immigrant communities participation and representation in U S electoral politics Rich archival research and interviews with key Dominican American leaders and activists shed light on how some patterns followed by Dominican Americans in their political empowerment correspond to those of other Latino a x communities while other patterns distinctly diverge from that common trend Dominican American Politics Immigrants Activists and Politicians serves as a perfect companion for courses on Latino a x and Dominican studies and U S ethnic politics

American Politics and Society David McKay, 2009-02-04 Completely revised and updated to take full account of the most recent and dramatic changes in the nature of American government the sixth edition provides a clear and concise introduction to US politics for all students of political science and American studies Explains analyses and interprets the processes of US government and crucially appraises them from a non US perspective Includes commentary on the 2004 presidential election Fills in the social background to American political and economic life preparing the ground for the central discussion of the book the institutions of the federal government Congress the Supreme Court and the Constitution the federal system the Presidency the party bandwagons and the electoral system Reduced emphasis on limited government and greater emphasis on foreign and domestic policy linked into the War on Terror Rewritten throughout to reflect recent developments with two completely new chapters on The Media and American Politics and The Security State Supported by a website www.blackwellpublishing.com/mckay including information on the book its detailed contents the author controversies sample chapters selected tables related titles and links to other web resources It will be regularly updated to ensure teachers and students have access to the most recent data
