

AMERICAN SAINTS

AND CAUSES

American Saints

Ronald Jay Morgan

American Saints:

Year with American Saints , Here in a single volume G Scott Cady and Christopher L Webber have profiled a broad and inclusive cross section of American pilgrims of the faith some very famous others less well known men and women from all periods of America s history and all major Christian faith traditions From the pre revolutionary era to the twentieth century their accomplishments and spiritual journeys are examples of perseverance courage and holiness From Robert Hunt first chaplain of the Jamestown colony in Virginia who gave pastoral care and support to settlers who were far from home and struggling with disease and hardship to Rosa Parks whose quiet dignified resistance to segregation signaled a dramatic change in the Civil Rights movement *A Year with American Saints* encompasses the joy and drama of the Christian story in America While entries have been arranged to provide historical and chronological variety a handy calendar guide allows the reader to remember individuals on their birthdays or death dates With one profile and related writing or saying for every day of the year *A Year with American Saints* is destined to become a classic an ideal volume for individual use as part of a daily reading and prayer regimen and a rich source of sermon material for preachers *American Saints* John F. Fink,2001 There are at least some 137 men and women who have lived in North or South America who have been beatified or canonized by the Roman Catholic Church Sixty of them were canonized and 77 beatified Here are the inspiring stories of Kateri Tekakwitha Junipero Serra Elizabeth Ann Seton John Neumann Father Damien Mother Cabrini Brother Andre and many more This little book is a fascinating brief introduction into the lives and struggles of these saintly men and women **American Saint** John Wigger,2009-10 In this definitive biography Asbury emerges as an effective and influential leader Drawing on a wide variety of sources John Wigger reveals how Asbury crafted a church to engage ordinary Americans and their world Under Asbury Methodism exerted a powerful pull on American culture but was itself transformed in the process a pattern repeated again and again in American religious history *American Saint* Joan Barthel,2014-03-04 In this riveting biography of Elizabeth Seton critically acclaimed and bestselling author Joan Barthel tells the mesmerizing story of a woman whose life featured wealth and poverty passion and sorrow love and loss Elizabeth was born into a prominent New York City family in 1774 Her father was the chief health officer for the Port of New York and she lived down the block from Alexander Hamilton She danced at George Washington s sixty fifth Birthday Ball wearing cream slippers monogrammed Catholicism was illegal in New York when she was born Catholic priests seen in the city were arrested sometimes hung When Elizabeth and her wealthy husband Will sailed to Italy in a doomed attempt to cure his tuberculosis she and her family were quarantined in a damp dungeon And when Elizabeth later became a Catholic she was so scorned that people talked of burning down her house *American Saint* is the inspiring story of a brave woman who forged the way for the other women who followed and who made a name for herself in a world entirely ruled by men Elizabeth resisted male clerical control of her religious order as nuns are doing today and the publication of her story could not be more timely Maya Angelou has contributed the foreword

Spanish American Saints and the Rhetoric of Identity, 1600-1810 Ronald J. Morgan, 2022-08-30 Spanish American civilization developed over several generations as Iberian born settlers and their New World descendants adapted Old World institutions beliefs and literary forms to diverse American social contexts Like their European forebears criollos descendants of Spanish immigrants who called the New World home preserved the memory of persons of extraordinary Roman Catholic piety in a centuries old literary form known as the saint s Life These criollo religious biographies reflect not only traditional Roman Catholic values but also such New World concerns as immigration racial mixing and English piracy Ronald Morgan examines the collective function of the saint s Life from 1600 to the end of the colonial period arguing that this literary form served not only to prove the protagonist s sanctity and move the faithful to veneration but also to reinforce sentiments of group pride and solidarity When criollos praised americano saints he explains they also called attention to their own virtues and achievements Morgan analyzes the printed hagiographies of five New World holy persons Blessed Sebasti n de Aparicio Mexico St Rosa de Lima Peru St Mariana de Jes s Ecuador Catarina de San Juan Mexico and St Felipe de Jes s Mexico Through close readings of these texts he explores the significance of holy persons as cultural and political symbols By highlighting this convergence of religious and sociopolitical discourse Morgan sheds important light on the growth of Spanish American self consciousness and criollo identity formation By focusing on the biographical process itself Morgan demonstrates the importance of reading each hagiographic text for its idiosyncrasies rather than its conventional features His work offers new insight into the Latin American cult of saints inviting scholars to look beyond the isolated lives of individuals to the cultural and social milieus in which their sanctity originated and their public reputations took shape

The Five American Citizen Saints James V Canfield Ph D, 2012-12 Catholics have a special reverence for those canonized as saints by the pope We believe they were holy people and on their death they were with God Catholics pray to saints for their intercession with God to grant special requests The four saints whose lives are briefly described in this book share a very unique relationship They are the only saints who lived and died as American or United States citizens The American Martyrology Fr. Frederick George Holweck, Claudio R. Salvucci, 2015-10-10 Most American Catholics are familiar with St Katharine Drexel St John Neumann St Kateri Tekakwitha and Ven Fulton Sheen But how many have heard of Bl Lucas Tristany Or Ven Solanus Casey Or Ven Theresa Dudzik Or Servant of God Gwen Coniker The American Martyrology helps the faithful recall the heroic lives and deaths of dozens of men and women of God with strong connections to the United States Arranged in calendar form the Martyrology is in effect a catalog of national sanctity which assists the faithful to remember those who have died with a reputation for holiness and encourages us to private devotion toward the Servant of God and the spontaneous spreading of his reputation of holiness or martyrdom and of intercessory power Sanctorum Mater Art 117 In the days of the ancient persecutions local Christians kept the memories of the faithful who suffered and died for Christ These local records were eventually combined to form general martyrologies the most famous of

which the Roman Martyrology is used to this day as an official liturgical book But the need for local lists never quite faded and Father Frederick George Holweck 1856-1927 one of America's foremost church historians and hagiographers was the first to publish such a calendar for the United States over 90 years ago The new 2015 edition of The American Martyrology features all the Saints Blesseds Venerables Servants of God and reputed martyrs honored in the U.S. throughout the year It dramatically expands Holweck's compilation with the dozens of new saints and causes added since then including not only feasts of the national calendar but also those of the traditional Roman calendar such as St. Valentine and St. Christopher and those of the Ordinariate calendar such as St. Alban St. Columba and the English martyrs Keep this volume handy for quick reference or read the entries with the included prayers as a daily devotion to honor the saints throughout the year With rubrics adapted from the traditional office of Prime and featuring extra prayers for the annual commemoration of family members and loved ones The American Martyrology is not merely an invaluable historical collection but a wonderful devotional text and a perfect way to help live the liturgical year at home

Portraits of American Saints George A. Gray, 2001

A Saint of Our Own Kathleen Sprows Cummings, 2019-04-08 What drove U.S. Catholics in their arduous quest full of twists and turns over more than a century to win an American saint The absence of American names in the canon of the saints had left many of the faithful feeling spiritually unmoored But while canonization may be fundamentally about holiness it is never only about holiness reveals Kathleen Sprows Cummings in this panoramic passionate chronicle of American sanctity Catholics had another reason for petitioning the Vatican to acknowledge an American holy hero A home grown saint would serve as a mediator between heaven and earth yes but also between Catholicism and American culture Throughout much of U.S. history the making of a saint was also about the ways in which the members of a minority religious group defined defended and celebrated their identities as Americans Their fascinatingly diverse causes for canonization from Kateri Tekakwitha and Elizabeth Ann Seton to many others that are failed forgotten or still under way represented evolving national values as Catholics made themselves at home Cummings's vision of American sanctity shows just how much Catholics had at stake in cultivating devotion to men and women perched at the nexus of holiness and American history until they finally felt little need to prove that they belonged

Spanish American Saints and the Rhetoric of Identity, 1600-1810 Ronald Jay Morgan, 2002-03 Ronald Morgan examines the collective function of the saint's Life from 1600 to the end of the colonial period arguing that this literary form served not only to prove the protagonist's sanctity and move the faithful to veneration but also to reinforce sentiments of group pride and solidarity When criollos praised americano saints he explains they also called attention to their own virtues and achievements

BOOK JACKET

American Saints Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such may be the essence of the book **American Saints**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
