A Context For Christianity In The 21st Century:

A Context for Christianity in the 21st Century Joanmarie Smith, 1995 This book is written for those who seek a framework within which Christianity can make sense in the context of a secular pluralistic twenty first century Christian Witness in Pluralistic Contexts in the 21st Century Enoch Yee-nock Wan, 2004 This volume is not a set of textbook answers on how to witness to Hindus Buddhists Muslims and people with other religions based on simple formulas It is the wrestlings affirmations and testimonies of those who have been deeply involved in ministries to people of other religious faiths and have thought deeply about the issues religious pluralism raises Paul G Hiebert Professor Emeritus Trinity Evangelical Divinity School *Christian Witness in Pluralistic Contexts in the Twenty-First Century* Enoch Wan, 2004-09-15 This volume is not a set of textbook answers on how to witness to Hindus Buddhists Muslims and people with other religions based on simple formulas It is the wrestlings affirmations and testimonies of those who have been deeply involved in ministries to people of other religious faiths and have thought deeply about the issues religious pluralism raises Paul G Hiebert Professor Emeritus Trinity Evangelical Divinity School *Orthodox Christianity in 21st Century Greece* Vasilios N. Makrides, 2016-05-13 One of the predominantly Orthodox countries that has never experienced communism is Greece a country uniquely situated to offer insights about contemporary trends and developments in Orthodox Christianity This volume offers a comprehensive treatment of the role Orthodox Christianity plays at the dawn of the twenty first century Greece from social scientific and cultural historical perspectives This book breaks new ground by examining in depth the multifaceted changes that took place in the relationship between Orthodox Christianity and politics ethnicity gender and popular culture Its intention is two fold on the one hand it aims at revisiting some earlier stereotypes widespread both in academic and others circles about the Greek Orthodox Church its cultural specificity and its social presence such as its alleged intrinsic non pluralistic attitude toward non Orthodox Others On the other hand it attempts to show how this fairly traditional religious system underwent significant changes in recent years affecting its public role and image particularly as it became more and more exposed to the challenges of globalization and multiculturalism **Christian Responses to Spiritual Incursions into the 21st Century Church and Society** Nikolaos Asproulis, Stuart Devenish, 2020-10-30 This volume provides an account of the surprising in breaking of spiritual life that persists in our culture despite the best efforts of atheist spokespersons and secular theorists Spirituality in its varying forms is irrepressible resisting our attempts to exclude it by continuing to seep through the cracks and leak through the gaps When it is allowed to manifest itself through the Christian faith tradition it has the power to surprise transform and renew everything it touches This volume contains a series of case studies each of which describes the inner functionings and out workings of the spiritual life as a transformative point of contact between God world society and self Each chapter contains high level inquiry drawing on best practice scholarship that is deeply aware of the needs and opportunities that confront 21st century society *Religious Politics Plaguing the 21st Century* Mike

Morra,2013-07-31 This book is about evil To assume that all heinous crime is committed by the mentally ill is a 20th century myth not unlike the Medieval myth that alleged that sin causes physical disease Most all heinous crime as in the Tucson massacre the Islamic bombings and the urban murder rate are caused by the evil possessed not the emotionally unstable In the Biblical account Mark 5 1 20 Jesus handled the issue of the evil possessed as compared and contrasted to the mentally ill During the first half of the 20th century 100 million innocent men women and children were executed slaughtered and murdered en masse by the godless leaderships of Euro Asia These dictators were atheists not mentally deranged By choice they became obsessed with the forcefield of socio political wickedness Accordingly the 21st century state of mind finds itself dealing with the immorality of the lunacy of evil as a spiritual reality not rationalizing it away with 20th century's psychobabble of alleged societal injustice 'Cult' Rhetoric in the 21st Century Aled Thomas,Edward

Graham-Hyde,2024-06-13 Examining contemporary understandings of the term cult this book brings together scholars from multiple disciplines including sociology anthropology and religious studies Focusing on how cult rhetoric affects our perceptions of new religious movements the contributors explore how these minority groups have developed and deconstruct the language we use to describe them Ranging from the Cult of Trump and Cult of COVID to the campaigns of mass media this book recognises that contemporary cult rhetoric has become hybridised and suggests a more nuanced study of contemporary religion Topics include online religions political cults apostate testimony and the current othered position of the study of minority religions **Religion and Technology in the 21st Century: Faith in the E-World** George, Susan

Ella,2006-05-31 This book examines the unique synergy between religion and technology and explores the many ways that technology is shaping religious expression as well as ways that religion is coming to influence technology Provided by publisher **Global Pentecostalism in the 21st Century** Robert W.
