A Dictionary Of Protestant Church Music:

A Dictionary of Protestant Church Music James Robert Davidson, 1971 **Harvard Dictionary of Music** Willi Apel, 1969 Contains nearly 1000 pages of precise and accessible information on all musical subjects **The Harvard Dictionary of Music** Don Michael Randel, 2003-11-28 This classic reference work the best one volume music dictionary available has been brought completely up to date in this new edition Combining authoritative scholarship and lucid lively prose the Fourth Edition of The Harvard Dictionary of Music is the essential guide for musicians students and everyone who appreciates music The Harvard Dictionary of Music has long been admired for its wide range as well as its reliability This treasure trove includes entries on all the styles and forms in Western music comprehensive articles on the music of Africa Asia Latin America and the Near East descriptions of instruments enriched by historical background and articles that reflect today's beat including popular music jazz and rock Throughout this Fourth Edition existing articles have been fine tuned and new entries added so that the dictionary fully reflects current music scholarship and recent developments in musical culture Encyclopedia length articles by notable experts alternate with short entries for quick reference including definitions and identifications of works and instruments More than 220 drawings and 250 musical examples enhance the text This is an invaluable book that no music lover can afford to be without *Church Music* Richard C. Von Ende, 1980 No descriptive material is available for this title *The Hymnal 1982 Companion* Raymond F. Glover, 1990 The complete four volume set includes major essays and relevant discussions of the musical forms in The Hymnal 1982 which cover such topics as popular religious song cultural diversity the relationship between The Hymnal 1982 and the liturgies of The Book of Common Prayer the development of service music in the Episcopal Church hymn forms and a brief history of Christian hymnody in the United States and Britain In addition complete information is given on all hymns and service music which includes the sources of text and music as well as biographical and technical facts 2 949 pp **Church and Worship Music in the United States** James Michael Floyd, Avery Sharp, 2016-08-12 This fully updated second edition is a selective annotated bibliography of all relevant published resources relating to church and worship music in the United States Over the past decade there has been a growth of literature covering everything from traditional subject matter such as the organ works of J S Bach to newer areas of inquiry including folk hymnology women and African American composers music as a spiritual healer to the music of Mormon Shaker Moravian and other smaller sects With multiple indices this book will serve as an excellent tool for librarians researchers and scholars sorting through the massive amount of material in the field *Church and Worship Music* James Michael Floyd, Avery T. Sharp, 2013-10-31 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **Historical Dictionary of Baroque Music** Joseph P. Swain, 2013-06-06 Although it lies far back running roughly from about 1600 to 1750 the Baroque period is far from forgotten and Baroque music is played widely today as well exercising numerous musicians and attracting rather substantial audiences It experienced the emergence of a new sort of

music increasingly secular and increasingly good listening if you will and also the start of opera Some of the Baroque composers appear among the most popular of all time such as Bach Handel and Vivaldi So yes this is a book for researchers but it is also a good book for anyone who enjoys this music The Historical Dictionary of Baroque Music certainly fills a significant space in the whole sub series on music since it tells us much more not only about the music but also the age that generated it This is done particularly well in an insightful introduction with the flow of events traced by the chronology The dictionary section fills in the missing details with over 400 entries on the most important composers and musicians some of the musical works themselves important places and institutions and a smattering of technical terms The bibliography directs us to further reading Sourcebook for Research in Music Phillip Crabtree,Donald H. Foster,1993 This bibliography of bibliographies lists and describes sources from basic references to highly specialized materials Valuable as a classroom text and as a research tool for scholars librarians performers and teachers **Choral Music** Avery T. Sharp,James Michael Floyd,2011 This is an annotated bibliography to books recordings videos and websites on choral music This book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared since publication of the previous edition
