A Dorset Rifleman The Recollections Of Benjamin Harris:

A Dorset Rifleman Benjamin Harris,1995 **The Recollections of Rifleman Harris** Benjamin Randell Harris,2022-08-18 Describing narrow squeaks and terrible deprivations Harris s unflowery account of fortitude and resilience in Spain still bristles with a freshness and an invigorating spikiness SCOTLAND ON SUNDAY A most vivid record of the war in Spain and Portugal against Napoleon MAIL ON SUNDAY Benjamin Harris was a young shepherd from Dorset who joined the army in 1802 and later joined the dashing 95th Rifles His battalion was ordered to Portugal where he marched under the burning sun weighed down by his kit and great coat plus all the tools and leather he had to carry as the battalion s cobbler the lapstone I took the liberty of flinging to the Devil Rifleman Harris was a natural story teller with a remarkable tale to unfold and his Recollections have become one of the most popular military books of all time **The Recollections of**

Rifleman Harris Benjamin Harris,2015-08-10 Dorset 1803 A shepherd s son is enlisted as a soldier of the Army of Reserve His name is Benjamin Randell Harris private of the 95th Regiment of Foot The Recollections of Benjamin Harris are the classic memoirs of a foot soldier during the Napoleonic Wars originally published in 1848 With personal anecdotes quick wit and vivid descriptions The Recollections of Benjamin Harris is one of the few surviving accounts of military service from the Napoleonic era The memoir charts Harris s years of active service from joining the 95th Rifles in Ireland to the Peninsular Wars of Northern Spain Harris recollects the gripping campaign at Copenhagen the engagement at the Battle of Rolica the gruelling march to Salamanca and finally culminates with the Battle of Corunna The Recollections of Benjamin Harris is a personal military account from the eyes of a foot soldier and offers military history fans a unique insight into the Napoleonic wars Praise for The Recollections of Benjamin Harris Wonderful memoirs A piercing eye a talent for description and a constant good humour Bernard Cornwell Endeavour Press is the UK s leading independent publisher of digital books

Recollections of Rifleman Harris Benjamin Harris,1929 **The Recollections of Rifleman Harris** Benjamin Harris,2019-11-13 Rare account of army life by common British foot soldier in early 1800s tells of camaraderie among infantrymen physical hardships endemic drunkenness frequent hunger and the narrow margin between death and survival

THE RECOLLECTIONS OF RIFLEMAN HARRIS - The book which inspired the Sharpe Novels Benjamin Harris,2018-08-30 The book which inspired the Sharpe Novels Just as in the Sharpe Novels by Bernard Cornwell the Prince s Own 95th Rifles was a real regiment and there was a real Rifleman Harris for it is his recollections which are published in this volume There was indeed a soldier who joined the rifles and was soon made a sergeant By the end of the wars he had unusually risen to be a commissioned officer see Ch XV It is believed that it is this story which inspired the character of Richard Sharpe Harris story starts after he had been recruited and was now in turn on a recruiting drive In this volume he recounts anecdotes about his officers believe me all enlisted men have such stories about their officers He also recounts occurrences of desertion and the penalties if caught cases of treachery and accounts of camaraderie There is even an

account of how he held a perfectly rational conversation with a fellow rifleman during the heat of battle no easy feat when you're using a muzzle loader All of these are retold at some point during the Sharpe Novels Also recorded are the battles in which the part he and the 95th took part Here you can read of the battles of Roli a Vimiero Salamanca and the retreat to Corunna Read also of the stories of A cobbler and the cannon ball A lubberly artilleryman Major Travers and his wig and how the 95th routed Boney's Invincibles If a soldier survived the Peninsula War he would have had the opportunity to augment his meagre wages by plundering what items of value the enemy left behind In many cases this meant picking over the dead Hence there was the opportunity to finish the war a lot wealthier than he could have imagined The wives and dependants of the soldiers were also allowed to pick over the dead at the end of each battle In most cases it would mean cutting off brass buttons and removing belts If they were lucky they may find an officer's sword or pistols Many would convert their pickings to cash or use them to trade for food for themselves and any children they may have with them Harris himself was illiterate He is thought to have been born in Portsea Portsmouth into a family of shepherds and this was his way of life until he joined the army in 1803 His recollections were recorded for him after the war at some stage in the middle of the 1830s by an officer who knew him Captain Henry Curling editor of this volume Curling then kept the manuscript until 1848 when he succeeded in getting it published So we invite you to download this very interesting first hand account of an enlisted man who inspired the story of Richard Sharpe and the Sharpe Novels

Flushing Walcheren fever expedition attack survivor veteran battalion independent companies **The Recollections Of Rifleman Harris** Benjamin Randell Harris, 2011-03-16 In an era devoid of modern communication methods letters and diaries from the literate officer classes of the Napoleonic wars abound in all of the languages of the combatant nations Much less often heard is the voice of the enlisted man particularly in the British armed forces an invaluable insight is provided by the recollections of Rifleman Harris late of the 95th Rifles The often brutal realities of the era were collated by an officer whom he knew Captain Curling and published in 1848 and although not well known at the time has become one of the most famous recorded by any rank One of Harris first memoirs of his time in the army is the devastating spectacle of a firing squad for a court martial of one of the rank and file and of the court martial of the bungling General Whitelock whose mishandled expedition to Buenos Ayres The man from the rank and file was shot but General Whitelock was merely cashiered a difference of class and the times unintentionally brought to light Whitelock's court martial provides the first appearance of General at the time Colonel Craufurd who went on the expedition with Whitelock and want to have his former commander shot for his ineptitude and under whom Harris would spend a great deal of his soldiering career Harris takes a small part in another expedition to Denmark but the only sort of action he is involved in is defending a Danish family from the depredations of fellow soldiers It is however with his entrance into Portugal in 1808 that his adventures really begin to take shape as his fellow soldiers fall around him at the battles of Roli a and Vimiero he describes the horrific injuries sustained the plundering of the dead that took place which he was not above joining in and the task of the surgeons to try and stitch up the wounded A large part of the narrative is taken by the retreat of Sir John Moore's army to Coru a and the Light Brigade's to Vigo His tales of the retreat are vividly described from the capture of the French general Lefebvre Desnouettes at Benavente the privation the wives of the soldiers and their struggle to stay with the column to the iron resolve of General Craufurd to keep going Eventually and in a pitiable state Harris reaches Vigo and embarks for England It was not enemy action that ended Harris career in the army but diseases contracted during the pestilent 1809 Walcheren campaign the lingering sickness forced Harris to leave the army and take up trade as a cobbler A valuable and excellent read **All for the King's Shilling** Edward J. Coss, 2013-11-11 The British troops who fought so successfully under the Duke of Wellington during his Peninsular Campaign against Napoleon have long been branded by the duke's own words scum of the earth and assumed to have been society's ne'er do wells or criminals who enlisted to escape justice Now Edward J Coss shows to the contrary that most of these redcoats were respectable laborers and tradesmen and that it was mainly their working class status that prompted the duke's derision Driven into the army by unemployment in the wake of Britain's industrial revolution they confronted wartime hardship with ethical values and became formidable soldiers in the bargain These men depended on the king's shilling for survival yet pay was erratic and provisions were scant Fed worse even than sixteenth century Spanish galley slaves they often marched for days without adequate food and if during the campaign they did steal from Portuguese

and Spanish civilians the theft was attributable not to any criminal leanings but to hunger and the paltry rations provided by the army Coss draws on a comprehensive database on British soldiers as well as first person accounts of Peninsular War participants to offer a better understanding of their backgrounds and daily lives He describes how these neglected and abused soldiers came to rely increasingly on the emotional and physical support of comrades and developed their own moral and behavioral code Their cohesiveness Coss argues was a major factor in their legendary triumphs over Napoleon's battle hardened troops The first work to closely examine the social composition of Wellington's rank and file through the lens of military psychology All for the King's Shilling transcends the Napoleonic battlefield to help explain the motivation and behavior of all soldiers under the stress of combat

The Light Division in the Peninsular War, 1808-1811 Tim Saunders, Rob Yuill, 2020-03-30 This regimental history chronicles the legendary exploits of the British Army's Light Division against Napoleon in Spain and Portugal From the outset of the Peninsular campaigns in 1808 the Light Division achieved results way beyond their scant numbers But it was during the epic winter retreat to La Corunna that they showed their metal Returning to the Peninsula months later the irascible Brigadier Robert Craufurd led the Light Brigade on a terrible march to meet General Arthur Wellesley the Duke of Wellington at Talavera The Light Division played significant roles in the Battle of the River C a where the riflemen fought hard to escape Marshal Ney's trap the Battle of Buaco Ridge the Battle of Salamanca and many others More than a simple series of battle scenes however this history of the Light Division provides a wider picture of campaigning during the Napoleonic Wars and sheds light on the life of a 19th century light infantry soldier

Regulations of the Rifle Corps Ben Townsend, 2015-03-25 An invaluable re edition of this seminal document from the legendary 95th rifles An essential companion to those reading the memoirs of this famous regiment or to any student of the Georgian army the War of 1812 or of the Revolutionary and Napoleonic wars of 1793 1815
