A Fall To Grace

Brian Walsh

A Fall To Grace:

By The Way David Boswell, 2014-06-10 David Boswell now 91 started his education at Bertrand Russell's experimental school at Telegraph House. He progressed to Bedales and took a degree in engineering at London University where after serving in the RAF during WW2 he met his wife Meg married now for 65 years with 2 sons and 5 grandchildren. During a long career in microelectronics he wrote several books on management and technology. As an asthma sufferer since age 15 he brought considerable medical knowledge and experience to helping fellow COPD patients via a global cyber Samaritan type website. During a long retirement in a lovely Dorset valley he returned to an earlier love of writing poetry and single page short stories. Still writing he is a contributor to UKAuthors as Bozzz some of the poems now appear in this collection they are witty shrewd comments on life around him.

Class Fictions Pamela Fox, 1994-11-21 Many recent discussions of working class culture in literary and cultural studies have tended to present an oversimplified view of resistance. In this groundbreaking work Pamela Fox offers a far more complex theory of working class identity particularly as reflected in British novels of the late nineteenth and early twentieth centuries. Through the concept of class shame she produces a model of working class subjectivity that understands resistance in a more accurate and useful way as a complicated kind of refusal directed at both dominated and dominant culture. With a focus on certain classics in the working class literary canon such as *The Ragged Trousered Philanthropists* and *Love on the Dole* as well as lesser known texts by working class women Fox uncovers the anxieties that underlie representations of class and consciousness. Shame repeatedly emerges as a powerful counterforce in these works continually unsettling the surface narrative of protest to reveal an ambivalent relation toward the working class identities the novels apparently champion. *Class Fictions* offers an equally rigorous analysis of cultural studies itself which has historically sought to defend and value the radical difference of working class culture. Fox also brings to her analysis a strong feminist perspective that devotes considerable attention to the often overlooked role of gender in working class fiction. She demonstrates that working class novels not only expose master narratives of middle class culture that must be resisted but that they also reveal to us a need to create counter narratives or formulas of working class life. In doing so this book provides a more subtle sense of the role of resistance in working class culture. While of interest to scholars of Victorian and working class fiction Pamela Fox's argument has far reaching implications for the way literary and cultural studies will be defined and practiced.
