A Short History of Christianity beyond the West Klaus Koschorke, 2024-11-04 Today the majority of the world's Christian population lives in the Global South. Knowledge of their history is therefore indispensable. This textbook offers a compact and vivid overview of the history of Christianity in Asia, Africa, and Latin America since 1450, focussing on diversity and interdependence, local actors, and global effects. Maps, illustrations, and numerous photos, as well as continuous references to easily accessible source texts, support the reader's own reading and its use in various forms of academic teaching. A Short History of Christianity Geoffrey Blainey, 2013-10-24 For two thousand years Christianity has had a varying but immense influence on world history. Accomplished historian Geoffrey Blainey leads us through the history of this world-changing religion. *A Short History of Christianity* vividly describes many of the significant players in the religion's rise and fall through the ages, from Jesus himself to Francis of Assisi, Martin Luther, Francis Xavier, John Wesley, and even the Beatles, who claimed to be more popular than Jesus. Blainey takes us into the world of Christian worshipers through the ages, from housewives to stonemasons, and traces the rise of the critics of Christ and his followers. Eminently readable and written with Blainey's characteristic curiosity and storytelling skill, this book often places Christianity at the center of world history. Will it remain near the center? Blainey's narrative illustrates that Christianity's history is a much-repeated story of ups and downs.

A Short History of Christianity John Mackinnon Robertson, 1902 *A Short History of Christianity* Stephen Tomkins, 2012-09-12 Worshipped by 2 billion Christians and revered by 1.3 billion Muslims, Jesus Christ is the most famous human being ever. Yet how did this man from an obscure backwater in the Roman Empire achieve such extraordinary acclaim? How did religion founded in his name grow to become the most powerful on earth? What has been its relationship through history with that other giant of religions, Islam? In this fast-paced and entertaining book, journalist and historian Stephen Tomkins sets out to provide the answers. Beginning with the life of Jesus, he presents awarts-and-all portrait of the key people, events, and movements in Christian history. For every debauched pope, murderous crusader, and hate-filled inquisitor, there are glorious examples of heroic self-sacrifice, spiritual enlightenment, and social transformation. Despite setbacks and conflict, the church has continued to change and grow, with the result that at the start of the 21st century its centre of gravity is moving south, into sub-Saharan Africa and South America. The author ends by looking to the future: for the story is far from over. All those wanting to understand where Christianity is going need to learn where it has come from, and in this book they will find a lively and informative guide.
