Predestination Greg Kame, 2021-03-11 The doctrine of predestination is an important starting point for the study of Christian theology thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that has been the reason for many debates among many theologians in the history of the church Despite the different views held by mainline Protestant theologians like Martin Luther John Calvin and Jacobus Arminius this book points to Scripture as the basis for Reformed soteriology It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students pastors Bible teachers and anyone interested

in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today
