A Companion To Pirke Avot:

A Companion to Popular Apocalypticism in the High and Late Middle Ages Sally Mayall Brasher, 2025-04-07 The many crises of the high and late Middle Ages in Europe saw a resurgence of interest in apocalypticism and millenarianism Pious Christians who feared the coming judgement day but found the established Church lacking in an adequate response sought out leadership and direction from thinkers who appealed to their lived experience In this volume we examine how this eschatology was interpreted expressed and disseminated in popular culture by a variety of lay religious movements and individuals such as the Order of Apostles Bianchi Guglielmites Wycliffites and Hussites among others The authors here focus on how this creative response to apocalypticism reflected the changing social and political culture of medieval Europeans and is intended to illuminate the active exchange of popular and elite religious culture in the era Contributors include Sally M Brasher Steven A Hackbarth Eleanor Janega Stephen Lahey Richard Landes Alexandra R A Lee Lucie Mazalov Jerry B Pierce and Sergio Sancho Fibla

A Companion to Ethics Peter Singer, 2013-06-05 In this volume some of today's most distinguished philosophers survey the whole field of ethics from its origins through the great ethical traditions to theories of how we ought to live arguments about specific ethical issues and the nature of ethics itself The book can be read straight through from beginning to end yet the inclusion of a multi layered index coupled with a descriptive outline of contents and bibliographies of relevant literature means that the volume also serves as a work of reference both for those coming afresh to the study of ethics and for readers already familiar with the subject
