these beautiful hotspots Suggestedravel strategies and lists of must see sights provide you with real insightso you can decide where you should go stay and eat without hassles oregrets Mike details where to hike bike shop golf stroll and more Thisork is complete with maps photographs illustrations and special emphasisn leading destinations such as Fort Sumter Charleston Historic District *Voices in the Storm* Karen E. Fritz,1999 Voices in the Storm examines the significance of oratory in the Confederacy and also explores the nuances and subtle messages within Confederate speeches Examining metaphor argument and figures of speech Fritz finds some surprising shifts within the Civil War South Her research indicates that four years of bloody conflict caused southerners to reconsider beliefs about their natural environment their honor their slaves and their northern opponents Between 1861 and 1865 southerners experienced shattering calamities as they waged their unsuccessful struggle for independence Confederate orators began the war by outlining a detailed and idealized portrait of their nation and its people During the conflict they gradually altered the depiction increasingly adding references to the grotesque and discordant as all around them southerners were losing homes and family members in the maelstrom that consumed their cities and fields polluted their rivers and destroyed their social order Oratory played a fundamental role in the southern nation whose citizens encountered it almost daily at military functions before battle in church and even while lying in hospital beds or strolling on city streets Because Confederate citizens frequently commented on oratory or spoke out during speeches Fritz also considers audience behavior and response By the end of the war speakers described their nation in savage terms applying to it expressions and characteristics once reserved only for the North This analysis thus indicated that southerners listened as orators gradually shaped them and their nation into rhetorical facsimiles of their enemy suggesting that separation at some level effected reunion **Children of Paranoia** Trevor Shane,2011-09-08 Like The Bourne Identity turned inside out Christopher Farnsworth author of Blood Oath This is a war It s been going on for generations If you re lucky it will be your generation that ends it At least that s what the young ones are told before they turn eighteen At that age they become fair game and must kill or be killed in a secret war between two distinct sides one good one evil The only unknown is which side is which Hidden in plain view the battles are fought through assassinations disguised as accidents or the work of senseless thugs Joseph has a particular talent for such killings Never questioning an order all he needs is a name But when a job goes wrong and he s sent away on a punishingly dangerous assignment he meets a girl Her name is Maria And for the first time Joseph has a reason to live outside the war Now Joseph must run from those who fought by his side quickly discovering that the only thing more dangerous than fighting the war is attempting to leave it
