A Density Of Souls:

A Density of Souls Christopher Rice, 2001-08-22 Take the sensuous fecund New Orleans setting add a generous helping of tangled Southern family history and season liberally with a sensitive teenage boy rejected by his friends and frightened of his own homoerotic impulses and you wouldn't be surprised to discover that the novel containing all of the above was written by someone named Rice But a few paragraphs into the first page it's clear that Anne Rice's son's first novel isn't about vampires or witches and does not otherwise read like one of her exceedingly popular books The only family resemblance is in the setting the sexual orientation of the lovingly described male characters and the scent of overripe magnolias There's murder suicide and madness at the heart of this rather clumsy coming of age story which focuses on the youthful friendship of Stephen Conlin Meredith Ducote Greg Darby and Brandon Charbonnet This friendship is destroyed by a sexual incident that takes place just before the foursome enters Cannon an exclusive prep school There Stephen is ostracized by his former friends now the most popular kids on campus who'd just as soon forget their own complicity in the event Envy passion and rage drive the narrative but the emotions are as juvenile as the characters and the long passages depicting the rituals and cruelties of high school from pep rallies to football games slow down the pace without really illuminating character or motivation The novel reads like a roman clef Rice might have been wiser to tell someone else's story rather than his own Jane Adams

The Mystery of Time Sal Rachele, 2020-01-03 What is time Is it merely a convenient way of measuring the movement of celestial bodies or is it something much more Why is it important to go beyond the daily clock and calendar Are the secrets to life hidden within the mystery of time This book seeks to answer these questions and many more The first part explains through basic science that we are much more than we have been led to believe Within us is the key to Creation We are masters of time and space but we have forgotten this Our intention in these pages is to help you remember your magnificence In the second part of the book we offer practical applications of the ideas presented herein A powerful new therapy is introduced that has already helped transform thousands of lives Are you ready to go beyond traditional healing and therapy Can you gain the courage to look at the deepest layers of the subconscious mind Perhaps you can experience in a few sessions more healing than in years of psychotherapy If you are receptive to the possibilities above then open this book and begin the journey into a wonderful new awareness of self that goes beyond anything the world has to offer We are the ones we've been waiting for revised from the Hopi Elders
