A Double Tanchant

Clark Butler

A Double Tanchant:

Double tranchant Joe Abercrombie, Juliette Parichet, 2017-04-19 Treize histoires d'licieusement tranchantes par le roi de la Fantasy moderne. Mais si tous les soldats de l'Union sont des salopards, un seul d'entre eux se croit capable de sauver l'armée de l'attaque gurkanne: le colonel Sand dan Glokta. Curnden Craw et son quipe doivent récupérer un objet mystérieux au-delà de la Crinna. Le problème visiblement, personne ne sait de quoi il s'agit. Shevedieh, meilleure voleuse autodidacte de Styrie, va de désastre en catastrophe aux côtés de Javre Lionne d'Hoskopp, qui est la fois sa meilleure amie et sa pire ennemie. Et après des années de massacres, Bethod, chef idéaliste, souhaite plus que tout faire régner la paix sur le Nord. Ne reste qu'un obstacle: son champion lunatique, l'homme le plus redouté du Nord, le Neuf Sanglant. Objet collector Double tranchant regroupe des histoires d'j mythiques ainsi que des nouvelles inédites issues de l'univers du prodige de la Fantasy britannique. La violence éclate, la trahison dicte sa loi et les mots se font aussi mortels que les armes dans cette galerie de lames aiguisées et de portraits acérés tout droit venus des Terres de Sang. D'licieusement tordu et cruel, Abercrombie crit de la Fantasy comme personne d'autre. The Guardian. À lire inspiré et tranchant. Locus.

History as the Story of Freedom Clark Butler, 1997. D'finir de façon univalente la notion de mythe et celle d'utopie semble en soi une entreprise tout fait utopique. Par ailleurs, jumeler les deux notions, celle du mythe et celle d'utopie, relève d'un processus de réflexion qui peut facilement être double tranchant. Le mythe, construction par excellence de l'imaginaire humain, ne se situe-t-il pas ailleurs que dans un non-lieu et l'utopie, quant elle ne fait-elle pas chose au mythe, la fois s'en inspirant, le niant et le transformant. Redondance possible et aussi, parfois, refus des deux domaines d'admettre leur interdépendance, cheminement parallèle surtout et création commune de ce qui, en fin de compte, s'avère mythe transformé, utopie revistée. Toutefois, mythes et utopies, quels que soient la position choisie, le point de vue défendu, semblent faire bon ménage en jugeant par ce projet, avec dix-neuf textes couvrant principalement la littérature contemporaine des femmes, mais puisant parfois aux œuvres antérieures, qui ont déjà préparé le terrain en offrant des visions d'existences idylliques, ne serait-ce que littéraires.

The Digital Double Bind Mohamed Zayani, Joe F. Khalil, 2024. The Middle East's digital turn has renewed hopes of socio-economic development and political change across the region, but it is also marked by stark contradictions and historical tensions. In this book, Mohamed Zayani and Joe F. Khalil contend that the region is caught in a digital double bind in which the same conditions that drive the state market and public immersion in the digital also inhibit change and perpetuate stasis. The Digital Double Bind offers a path-breaking analysis of how the Middle East negotiates its relation to the digital and provides a roadmap for a critical engagement with technology and change in the Global South.

Privatizing Health Services in Africa Meredith Turshen, 1999 Privatizing Health Services in Africa analyzes the disappearance of public health in the form of state services in Africa and the growth of a private market in health care that will serve primarily an urban elite Meredith Turshen considers the implications of introducing private insurance in countries with growing unemployment a shrinking formal job sector and a lack of social security programs or other safety nets She debates the pros and cons of shifting the delivery of health services to the nongovernmental sector in the context of new concepts of the role of the state Many of the schemes to privatize the purchase and sale of pharmaceuticals reverse decades of United Nations work challenging the power of the multinational drug industry Turshen weighs these policy changes in light of the World Bank's eclipse of the World Health Organization as the premier UN health policy agency Until now no book has disputed the World Bank's plans to privatize health care in Africa This is the first book length analysis of policy changes in light of monetarism and globalization Throughout the book Turshen examines the implications of privatization for gender equity She also provides a case study of Zimbabwe and comparative material from Malawi Mozambique and Zambia Her study makes a contribution to current debates on the impact of structural adjustment policies on health and the design of health services in the Third World
