

A Fair Field Full of Folk

This summer, a masterpiece of medieval English literature is coming back to life.

Written around 600 years ago by William Langland, *Piers Plowman* enters the mind of a wanderer, Will, as he falls asleep in the Waver Hills, dreams of a 'fair field full of folk' and embarks on a quest to find Truth. In vivid alliterative verse, Langland documents a world of inequality, political corruption and spiritual crisis that is uncannily like our own.

In this exhibition you can discover more about the world of the poem, hear Middle English being spoken, explore the enduring influence of medieval literature on modern writers and artists, and encounter an exquisite early manuscript of *Piers Plowman*.

Curated with *Penned in the Margins* as part of *Fair Field* – a major arts and education project to re-imagine *Piers Plowman* through site-responsive performances, workshops and digital resources.

A Field Full Of Folk A Novel:

A Field Full of Folk Iain Crichton Smith (Schriftsteller),1982

A Field Full of Folk Iain Crichton Smith,2015-04-15

The world in Iain Crichton Smith's vision is a field full of folk and one Scottish village is its microcosm. Here the Minister wrestles with his loss of faith and his cancer concealing them even from his wife but she had divined them. Mrs Berry cultivates her garden assiduously and when Jehovah's Witnesses come quoting their texts she tells them that the hill at the end of the village can be climbed by many paths. Old Annie has no doubts about her path she has no use for Christianity. Protestants and Catholics nothing but guns and fighting and finds her answer in the East. On more mundane levels Morag Bheag worries about her son serving in Northern Ireland and Chrissie Murray shocks the village by leaving her husband and making for Glasgow taking only a radio with her that's what shocks most. Murdo Macfarlane vehemently urges his puritanical views about for instance the use of the church hall for a young people's dance and David Collins nurses his hatred of Germans but cannot insult them when they come as tourists. In short it's a village much like any other with its prejudices and certainties and kindness and heartbreak the whole and the small part. As the Minister sees in his visionary moment at the annual sports when the petty disputes over the wheel barrow race and the tragic news of young Bheag's death come together in his realisation that it's all a part of this supremely imperfect and perfect earth. Crichton Smith's novels never carry any superfluous weight they're as spare as sprinters. He writes with a poet's concentration and never more precisely or more movingly than here in what amounts to a gentle compassionate meditation on life and death with a warm affirmative conclusion.

The Novel Today Allan Massie,2017-07-28 This is a survey of contemporary British fiction. Focussing primarily on the distinctive achievement and personality of each writer the author also discusses the contribution of British fiction to such genres as women's writing the political novel spy and crime fiction. It addresses questions such as the rise of mass market publishing and the emergence of an international readership in assessing the role of the modern author as we approach the twenty first century.

A Field Full of Folk Charles W. R. D. Moseley,1995 A Field Full of Folk Iain Crichton Smith,1982 **The Scientifiction Novels of C.S. Lewis** Jared Lobdell,2014-09-17 Used by C S Lewis himself the term scientifiction is revived here as it once encompassed not only what we call science fiction but also that indeterminate field of the 1940s and 1950s sometimes referred to as science fantasy leading up to Ray Bradbury along with a portion of that great realm that has come since the advent of The Lord of the Rings to be called fantasy. Rather as an eighteenth century novel may pre-date the divide between novel and romance so C S Lewis's interplanetary novels may be considered to pre-date the modern divide between fantasy and science fiction and thus be thought of as scientifictional in nature. The stories dealt with are those in which Elwin Ransom is a character the three usually called the space trilogy Out of the Silent Planet Perelandra and That Hideous Strength and the time fragment entitled The Dark Tower. Lengthy chapters are devoted to each of the four Ransom stories. The book presents a study of Lewis the nature of science fiction the nature of Lewis's Arcadian

science fiction and his and its place in English literary history *George Mackay Brown and the Philosophy of Community* Timothy C Baker, 2009-06-23 In this book Timothy C Baker situates George Mackay Brown's work within a broad literary and philosophical context to articulate how his novels engage with the question of community Apprenticeships T. Jeffers, 2005-05-05 Novels about growing up have long been loved by ordinary readers and analyzed sometimes with more heat than light by scholars This book respects the interests of ordinary readers while clarifying and frequently resolving the moral psychological social and occasionally religious coming of age dilemmas that scholars have wrestled with Focusing on Goethe's Wilhelm Meister Dickens's David Copperfield James's What Maisie Knew Forster's The Longest Journey Lawrence's Sons and Lovers and Santayana's The Last Puritan Jeffers writes in a fresh engaging style meant to give criticism a liveliness and even brilliance it has in recent decades often lacked A Dictionary of Writers and their Works Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication **The Pilgrim and the Book** Julia Bolton Holloway, 1992 Julia Bolton Holloway's The Pilgrim and the Book A Study of Dante Langland and Chaucer investigates major fourteenth century texts the Commedia Piers Plowman and The Canterbury Tales in the light of the medieval theory and practice of pilgrimage especially concentrating on Emmaus and Exodus paradigms Holloway's analysis draws extensively on iconography musicology typology and anthropology The concluding chapter explains why each poet places himself within his poem in his own image as a pilgrim
