While children are challenged to learn by doing practice and challenging themselves on their journey to shape themselves into the type of person they want to be. The method used in the Values Journal is for each individual to explore their own understanding of the thirty-one values included in the journal. As a part of this process, each individual is asked to structure an approach that works with their schedule, i.e., daily, weekly, monthly, to review Bible references related to each value, write his own definition of each value, review the questions and provide relevant answers, and use the free expression pages to journal his results in a way that helps to personalize his experiences.
