Total Quality in Managing Human Resources Joe Petrick, 2017-10-06 Human resource management is a particularly challenging role both domestically and globally This challenge can be viewed either as an opportunity or as a threat As an opportunity the principles and practices of total quality presented in this book can help human resource professionals or anyone who manages people transform institutionalized mediocrity into organizational excellence The focus of this book is on managing the difference TQ makes in human resources Whereas the traditional nature and scope of responsibility for most human resource professionals has been that of staff support geared to administrative compliance the total quality approach offered here reveals the keys to

developing and sustaining commitment to world class performance These keys include strategic input and continual improvement of the human resource system to enhance internal and external customer satisfaction both now and in the future The full meaning of these new TQ role demands is explored in light of the driving forces reshaping the HR environment into the 21st Century In addition this book offers practitioner assessment instruments practical TQ tools and specific implementation steps to take in order to make the TQ difference in managing human resources domestically and globally
