Building Global Security

AGENDA FOR THE 1990'S

Building Global Security Agenda For The 1990s

Ricardo Wahrendorff Caldas

Building Global Security Agenda For The 1990s:

Building Global Security Through Cooperation Joseph Rotblat, John P. Holdren, 2012-12-06 1989 was by any standards an extraordinary year the year in which the Cold War ended However although much has changed much remains unresolved or not changed at all Even though the rationale for the huge military forces has been removed from the East West relationship these forces still retain a tremendous potential to do harm Moreover threats to peace may grow along North South and South South axes An example of such a threat is the rapid growth in size and sophistication of military arsenals in the South The contributions to this volume make it clear that the problems of East and West North and South are intertwined Security can be gained only through cooperation The contributors who come from widely differing geographical cultural and political backgrounds all share the Pugwash tradition of scientific objectivity

Building Global Security Douglas Roche, 1989

The United Nations in the 21st Century Douglas Roche, 2015-08-13 After more than seven decades the United Nations embodies humanity's hopes for peace security social justice human rights equality for women and a voice for all At the same time it's where the conflicts and tensions amongst the governments and peoples of the world are often expressed Douglas Roche who has spent his lifetime in the cause of peace as a Canadian member of parliament ambassador and senator offers a brief account of the UN's role in the world today He focuses on the most important issues the use of military force in conflicts the challenges of global warming and climate change deep disparities between rich and poor and the ongoing battle for equal human rights for all He describes the wide range of activities of the United Nations in these areas He acknowledges the organization's failures and weaknesses while pointing out its many successes some little known to the world's citizens Roche documents how the UN is working to address key issues that threaten humanity's future using its unique position in the world to promote the ideals that gave it birth Though its success is far from assured he sees the UN as humanity's best hope for the future This book offers insight into an organization whose work is often decried by critics often ignored by political leaders and often invisible to the world's public

The Oxford Handbook of International Security Alexandra Gheciu, William C. Wohlforth, 2018-03-08 This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies It provides a tour of the most innovative and exciting news areas of research as well as major developments in established lines of inquiry It presents a comprehensive portrait of an exciting field with a distinctively forward looking theme focusing on the question what does it mean to think about the future of international security The key assumption underpinning this volume is that all scholarly claims about international security both normative and positive have implications for the future By examining international security to extract implications for the future the volume provides clarity about the real meaning and practical implications for those involved in this field Yet contributions to this volume are not exclusively forecasts or prognostications and the volume reflects the fact that within the field of security studies there are diverse views on how to think about the future Readers will find in this volume some of the

most influential mainstream positivist voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security The topics covered in the Handbook range from conventional international security themes such as arms control alliances and Great Power politics to new security issues such as global health the roles of non state actors cyber security and the power of visual representations in international security The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

A Bargain for Humanity Douglas Roche,1993 With this timely and illuminating book Douglas Roche has again demonstrated that he is one of the most perceptive and prophetic harbingers of the new world order and of the indispensable role of the United Nations in achieving it **The United Nations and Global Security** R. Price,M. Zacher,2004-03-17

Many have proclaimed the fundamentals of global security were altered by the September 11 terrorist attacks Do these changes undercut or enhance the role of the United Nations What do events like the role of the UN in the crisis over Iraq tell us Here top scholars examine the role of the UN in preventing international and civil violence arms control deterring and reversing aggression and addressing humanitarian crises The chapters are concise while providing depth of understanding of the issues positions and problems facing the United Nations and its member states in grappling with increased opportunities and threats Their lively presentations of the drama of UN debates establish the contributions and shortcomings of global multilateralism in an era of U S hegemony and unilateralism Brazil in the Uruguay Round of the GATT Ricardo

Wahrendorff Caldas,2018-12-14 First published in 1998 this volume analyses Brazil s strategy in the Uruguay Round focusing on the issue of services Three different moments were chosen for analysis The first was during discussions before the launch of the Uruguay Round During this period Brazil led the Less Developed Countries LDCs in obstructing the inclusion of services on the agenda The Second was during the launch of the Uruguay Round when Brazil persisted with this policy This second period is referred to as the initial position of Brazil in the Uruguay Round The third was Montreal in 1988 when Brazil supported the principles which guided an agreement on services After this turning point Brazil s position in the Round was increasingly supportive of an agreement not only in services but in all fields **How We Stopped Loving the Bomb**

Douglas Roche,2011-03-07 A former UN ambassador talks about the new push for nuclear abolition Planet Earth James A. Leith,Raymond A. Price,1995-06-13 The conference took advantage of the confluence of meetings of the Royal Society of

Canada the Learned Societies of Canada and the Canadian Federation of Biological Societies at Queen's University in Kingston Ontario Planet Earth a compendium of papers presented at the conference is the result Contents Humankind Agent and Victim of Global Change in the Geosphere Biosphere System Digby J McLaren Our Common Future World Development and the Environment Alistair M Taylor and Duncan M Taylor Changes in Climates of the Past Lessons for the Future Michael B McElroy World Hunger Livelihoods and the Environment Gita Sen Species Impoverishment M Brock Fenton The Interface of Health Population and Development The Ecology of Health Rex Fendall Environmental Toxicology Gabriel L Plaa Aboriginal Peoples The Canadian Experience Marlene Brant Castellano Science and Politics on Planet Earth Michael Ignatieff

The Rise and Decline of a Global Security Actor Anne Hammerstad, 2014-02 The Rise and Decline of a Global Security Actor investigates the rise of the UNHCR as a global security actor and follows the refugee agency through some of the past two decades major conflict induced humanitarian emergencies including Afghanistan Bosnia Iraq Kosovo and Zaire Congo
