The End of His Terrifying Power J.D. Rockefeller, 2015-11-17 The world has suffered at the hands of just a few people who used their power to rule the world in an evil dictatorial way One of the most infamous dictators of all time is none other than Adolf Hitler whose power led to the death of thousands of Jews with the so called Holocaust This book will share with you the story of his life and details about how his power began to diminish Everything comes to end and it definitely came to an end for him The name Adolf Hitler is a big part of the Berlin s history His reign rocked Germany particularly during the Second World War This book is mainly intended to show you the last events in the life of Hitler His dictatorship came to an end and so did his life His last days were the most unforgettable and you will discover all of the events included in his story Enjoy reading Hitler's Last Victims Herbert R. Vogt Ph.D, **Hitler's Last Days** Bill O'Reilly, 2015-06-09 By early 1945 the destruction of the German Nazi State seems certain The Allied forces led by American generals George S Patton and Dwight D Eisenhower are gaining control of Europe leaving German leaders scrambling Facing defeat Adolf Hitler flees to a secret bunker with his new wife Eva Braun and his beloved dog Blondi It is there that all three would meet their end thus ending the Third Reich and one of the darkest chapters of history Hitler s Last Days is a gripping account of the death of one of the most reviled villains of the 20th century a man whose regime of murder and terror haunts the world even today Adapted from Bill O Reilly s historical thriller Killing Patton this book will have young readers and grown ups too hooked on history This thoroughly researched and documented book can be worked into multiple aspects of the common core curriculum From Hitler's Oppression to American Liberty Herbert J. Rissel, 2012 Why was Hitler s rise to power possible A unique historical viewpoint is presented beginning 1200 years ago and leads to World War II The Author lived and suffered through the NAZI regime and intertwines his life with political and historical events During the war he lived in a regime controlled camp subjected to heavy indoctrination away from his home and without the influence of his parents The final acceptance of democratic principles the post war era and Germany s recovery form his young life The personal educational and professional development present a truthful picture of success and failures The immigration to the United States of America in 1975 and the acquisition of the US citizenship experiencing liberty and the American Dream stand in stark contrast to his early life Management and executive positions as a mining engineer retiring on an active farm and thereafter living in a one family home now more than eighty years old result in a rare and broad knowledge of the industrial private and demographic structure of the greatest country in the world The Declaration of Independence the Constitution and the Capitalistic Principles largely contribute to the author s love of this great country Some critical considerations from the author s point of view about political legal and sociological facts and problems are also included The book is directed to all ages the Greatest Generation will refresh their memories the Younger Folks will learn All readers will appreciate WHAT WE HAVE Most of all the book avoids unnecessary lengthy passages resulting in a small easy to read volume **The Black**
